

These remarks are for a snapshot in the lifetime of these horses. We encourage owners and breeders to attend keurings whenever possible for further evaluation of their horses, their breeding goals and breeding directions.

2013 KEURING REPORTS

Sumac Farms – Trenton, NS

September 9, 2013

Host: Martha Haley

Jury: Bart Henstra from the Netherlands and Lana Sneddon from Indiana.

This was the first time at the beautiful Sumac Farm in Trenton, Nova Scotia. Sumac farm is actually a reining facility, but it worked out very well for a keuring location. The friendly staff made us feel welcome and they were a lot of help.

Although there were not many jumping horses at Sumac Farm, the athletic Verdi daughter **Fizzarma NPF** (d. Vuzarma ster by Hamlet, owned by Lisa MacGillivray of MacGillivray stables and bred by New Perth Farms) had a light-footed canter and consistently showed very good technique which earned her an 8.5. She has an upward take-off and shows good bascule and athletic scope, which earned her the keur eligible as well as the ribbon for best jumper horse at the keuring. Fizzarma NPF also competed in the Claybrook Farm Cup, where she scored an 80.5 and is currently leading North America in her division.

The two year old **Gemma NPF** (Sandreo x Waltzelina by Jetset D, owned and bred by New Perth Farms) is a well-developed dressage horse. Gemma NPF is long legged with an uphill build and a well-proportioned body. In movement she showed enough power and elasticity.

Best dressage horse at the keuring was the yearling **Hosannah NSN**, sired by the famous Totilas and out of elite mare Bosanova by Ferro pref, owned and bred by Martha Haley of NeverSayNever Farm. Hosannah is elegant and long lined and she showed good use of her carrying hind leg. Her trot was supple and showed good suspension.

Her full sister earned the first place in the dressage foals class. **Inaya NSN**, also owned and bred by Martha Haley, is strongly built with a good topline. She has a nice vertical neck and quality legs. Her movement is supple and uphill with sufficient power.
