## 2014 KEURING REPORTS

### Sonnenberg Farm, LLC – Sherwood, OR

September 14, 2014

Host: Dan & Gina Ruediger

Jury: Bart Henstra from the Netherlands; Lana Sneddon from Indiana.

A travel day to the west coast and a good night's sleep had us fresh and ready to start our day at the beautiful Sonnenberg Farm. Our Host Dan and Gina Ruediger along with their Sonnenberg Farm team had everything well organized.

Today we started with the riding classes. The 5 year old UB40 daughter, **Evanta III MMW**, owned by Dan & Gina Ruediger of Sonnenberg Farm & bred by Merijane McTalley of McTalley Manor Warmbloods, passed her test with high rideability and workability (8.5). With a lot of energy and steady connection in the bridle she remained focused. The trot is rhythmical and the canter is somewhat forward but correct and has enough power and leg technique to earn her 76 points in the IBOP and DG Bar Cup. Evanta III MMW was made keur eligible last year and with the passing of the IBOP today is now keur.

In the studbook grading for Dressage mares **Generosa S** (Uphill x Farrington), owned & bred by Dan & Gina Ruediger of Sonnenberg Farm, earned her star predicate and keur eligibility. A correct modern type that earned 75 point. In the trot she is powerful with good leg technique, a clear canter that carried well with good use of the front leg, earning 80 points for movement.

Today we had 9 foals in the dressage foal class and 8 received a 1st premium. The top spot going to the Ampere daughter **Juliette D'Rosa S** (A full sister to the top dressage foal in 2010 Fair Rosa), owned & bred by Dan & Gina Ruediger of Sonnenberg Farm. A well developed and well-muscled filly that could have more feminine expression but has a correct foundation. When she moved she showed suspension, power with a lot of bending in her joints, good use of the front leg but should be more consistent. The 2nd place today was **Juneau FF** (Sir Sinclair x Rousseau), owned & bred by Ginger Mack of Flying Feathers Farm, a modern type with balanced proportions and an expressive front. The trot had rhythm and showed good use of the neck. The canter was correct with enough power but was forward. The third place went to the well-muscled **Javiero** (Negro x Flemmingh), owned & bred by Darla D'Agay of Forward Farms, who showed a balance canter. In fourth place was **Jimmy Page FF** (Ampere x Idocus), owned & bred by Ginger Mack of Flying Feathers Farm, a well-proportioned colt with good leg technique.
