

## Scot Tolman-Shooting Star Farms:

Scot has been breeding Dutch horses for over 20 years. He is a KWPN-NA gold level breeder

Breeding and importing top KWPN horses is a passion for Scot. His foundation mare Orchis (Jazz/Roemer) is the highest indexed dressage producing mare outside of Holland. Orchis was selected for the initial breeding's to Totalis. Scot has written articles for Warmbloods Today, KWPN-NA newsletters and has an active blog with his reflections on breedings and blood lines. He imported the stallions Zeoliet and Donatelli, and was instrumental with the group that imported the stallions Freestyle, Iroko, and Heirarch for American breeders. His goal is always trying to better the KWPN horse in North America.

2015 was a banner year for Shooting Star Farms. They presented 6 foals, all of which received 1st premiums. The Governor/Contango foal, Keno SSF was the 2015 North American Champion Dressage Foal.

Galearites SSF (Totalis/Roemer) received her keur and had the highest scores for both the DG Bar Cup (85) and the IBOP (85.5) in North America. She was the 2014 North American Champion Dressage Mare.

Honorites SSF (Totalis/Roemer) received her ster predicate and an IBOP score of 75. She placed in top 5 for the DG Bar Cup.

Felicities SSF (Totalis/Roemer) and Eliscia SSF (UB40/Pass The Glass) received their ster predicate. Both mares placed in the top five for the DG Bar Cup.

Orchis received her Preferent predicate.

Shooting Star Farm has consistently placed foals and riding horses in the top five. Last year Godot SSF (UB40/Sir Sinclair) was the North American Champion Dressage Gelding. He had the highest score (80/85) for North America. D'Ortes (Donatelli/Roemer) was the North American Reserve Champion Dressage Mare the year she was presented.

Shooting Star Offspring are competing in sport. Verito (Freestyle/Roemer) is competing in the FEI arena with an amateur. Werites (Freestyle/Roemer) has her sport preference and is now in the breeding program, and Godot has just started his dressage competition career. Scot's passion and knowledge about the KWPN horse has benefited and educated many people.
