Red Deer, AB, Canada, T4N 5E1
www.boschfarms.com
Hosts: John and Jacquie van den
Bosch, 403-346-7496
info@boschfarms.com

Bart Henstra, KWPN Inspector

Bart earned a Bachelor's degree in Agriculture from Wageningen University in 1995. He has been a KWPN jury member since 2003. In 2005 he became the inspector in training for the province of Friesland and the KWPN inspector (mares and stallions) for Scotland. Early in 2007 he became the regional inspector for Friesland and joined the jury in North America.

As of January 1, 2013, Bart was also appointed as the regional inspector of Groningen. He is responsible for carrying out the KWPN breeding goal in the province and for helping the breeders with knowledge and advice. In 2012, he was appointed to the 'Herkeuring' (reinspection) committee for jumper stallions. Bart has been the head of the North American jury since 2008.

Together with his girlfriend/partner Pytrick, he runs Stal Henstra, a breeding and training stable for both jumpers and dressage horses in Drogeham, Friesland, where they have about 10-12 foals per year. They are the breeders of the approved stallion Zanzibar (Special D x Pretendent), who placed 3rd at the 2007 Stallion Show Championship.

Arie Hamoen, KWPN Inspector

Arie Hamoen has a wealth of KWPN experience: jury member, inspector and chair of various committees. He was the chairman of the Riding and Gelders Stallion Committees from 2003 through 2012. Prior to that he was a regional inspector for the province of Utrecht and Flevoland. He also underwrites the code of ethics for functionaries and jury members of the KWPN. The Hamoen family is active both in breeding and in sport.

Starting the first of January 2010, Arie Hamoen was appointed as the chairman of the Discipline

Committee Dressage and the Topsport Commission Dressage. He is also the chairman of the KWPN Stallion Committee (SC) and a judge for both dressage and jumping.

Occupational experience:

Since 1986, Mr. Hamoen has been team leader studbook and breeding superintendent Dutch Cattle Syndicate. Vice-chair International Working Group Synchronization of Cattle Evaluation.

Relevant Equestrian experience:

a) KWPN: RP/TP/GP jury training since 1983, Inspector for the province Utrecht since 1986 and Flevoland since 1997, PAVO Cup judge, member stallion competition dressage, Deputy Chairman Riding/Gelders horse committees

b) General: Jumping and dressage judge since 1978, chairman Royal Dutch Federation Rural Riding & Pony Clubs from 1997 to 2001, member Royal Dutch Equestrian Federation discipline committee dressage, education and recreation training dressage judges 2001 to present.

Lana Sneddon, KWPN-NA Inspector

Lana Snedden, from LaGrange, IN, has been involved with horses from an early age. Her parents ran a quarter horse racing farm that later changed to Standardbred racing. She has participated in training of Thoroughbreds and Quarter horses and has shown hunters, eventing and dressage horses. Buying, selling, raising and training of horses has been a large part of her adult life.

Lana began breeding Dutch Warmbloods in 1987, using top stallions as well as regularly upgraded mares. She has produced a number of first premiums,

many of which have ranked in the Top Ten. In 2004 one of her breeding products was the winner of the DG Bar Cup for 3 and 4 year olds. In 2004 Lana also bred, trained and rode her own mares in the IBOP test to become keur.

Lana also trains dressage horses under saddle. Presently she is bringing along young dressage horses from her own breeding program to compete in the FEI young horse classes. In 2005, she competed in the FEI Young Horse Championships for five-year olds with her mare Tamora (s. Ferro).

Lana has served on the Advisory Board, hosted the 2001 and 2004 Indiana keurings. She was appointed to the KWPN keuring training program in 2001, and has been a member of the KWPN jury since 2005.

Dr. Deborah P. Harrison, KWPN-NA Inspector

Dr. Deborah P. Harrison, from San Juan Bautista, CA, is a graduate of Colorado State Veterinary School. She is an equine veterinarian with special interest in reproduction, and is also an FEI veterinarian.

Dr. Harrison is a former competitor in dressage, hunter/jumper and combined training. She has been an active participant in sporthorse breeding classes and inspections. She has been a breeder of Dutch Warmbloods since 1982.

Dr. Harrison is an USEF Dressage and Sporthorse Breeding Class Judge and a licensed breeding class judge in Holland. She was a member of the KWPN Keuring jury in North America from 1992 through 1994 and then again from 1999 to the present. She is also an American Vaulting Association "R" judge and an FEI "C" judge.

Dr. Harrison was a member of the NA/WPN Board of Directors for 20 years, ending in December of 2003. Dr. Harrison is also the KWPN-NA Consulting Veterinarian

Faith Fessenden – Education Specialist

Faith has bred sport horses for 30 years and competition horses successful up to Grand Prix dressage, top level jumping, and International level eventing. She has also bred and raised top ranked keuring horses.

Since the founding of the NA/WPN 1983 and a decade of bi-annual trips to Holland, Faith has had a strong focus on pedigree research, foundation breeding-stock documentation and the study of the KWPN selection system. She is a USEF Licensed Dressage Sport Horse Breeding judge and sits on the US Eventing Association's Future Event Horse Task Force.

Faith has developed and presented several Educational Seminars for the KWPN-NA and also conducts 'Selecting and Breeding Sport Horses' regional courses. She served on the KWPN-NA jury from 2005-2011 and has been a jury alternate since 2012. Over the last several years Faith's focus has switched to education and provides ringside insight into the keuring process as well historical pedigree information on the horses being presented.

Switching to the KWPN database

Switching to the new database will benefit our members tremendously in the long term, but please bear with us for the short term. It is possible you will see some things missing in this year's keuring program program, in the member portal and on registration papers and birth declarations.

Due to legalities having to do with the registering of stable/farm names in Holland, we have lost all text that was in our former "Farm" field because it could not be imported. This text could be either a farm name or a second owner of the horse. Consequently second owners and/or farms are not listed in this program of entries. If you notice this on registration papers for horses you own, please let us know. We will be fixing these errors as we go along, but it will take some time to get to all of them.

With the switch to the new database you will now see four generations on your registration papers rather than the three we have had thus far. However, because to this point we have only used the three generations, we have to add that fourth generation for many horses. Again, please bear with us, this will be an ongoing process and can't be fixed all at once. Again, if you notice anything missing, please let us know.

And... last but not least, due to some reason only known to the database and the programmers, when we pulled the data for this program from the new database system, it did not pull the breeders of all horses. Some horses have breeders, others do not. This is something that will be fixed before next year's program, but breeders – please know that you were not left out for any reason of our doing. Please have patience!
