Glowstick P Roy Maher

PRIMA EQUESTRIAN – MOUNT ALBERT, ONTARIO

The keuring at Prima Equestrian had to make some quick adjustments to the schedule due to our canceled flight from Philadelphia, which forced us to spend the night there. Lucky we only had a 2-hour late start and everyone worked hard to keep things moving so we could make our flight to Quebec later in the day.

The keuring started with the IBOP jumper. The 4-year-old Register A gelding **Glowstick P** (Balou du Rouet x Rolanda elite by Ahorn pref; bred by Prima Equestrian, owned by Cheryl and Chris Mayberry) passed his IBOP with a total score of 79. The scopey Glowstick improved in his technique as the fences were raised. Glowstick had a very balanced, long strided canter and seemed to be really careful. He could be quicker in the take-off under saddle but he had a good overview of the jump and was athletic in his scope. During free jumping Glowstick had a quick and upward take-off, with quick use of his front leg. He showed very good bascule and a lot of scope. His free jumping earned him an 84 in the CBF cup, a new leading high score.

Fuegobanta Roy Maher

The long-lined but small **Fuegobanta** (Indoctro pref x Onlybanta vb by Celano; o/b Maya Polson) earned her ster predicate with her free jumping performance. Fuegobanta had the ability to collect the last canter stride before the fence and have a quick, powerful upward take-off. Fuegobanta showed great technique and body use over the vertical. Over the oxer she still had a quick take off but could show more athletic scope.

The ster mare **Aquila K** (Indoctro pref x Laurette S stb x Lord Calando; bred by A. Kommers, owned by VDL Stud) already had already earned her sport predicate in jumping and was [successfully] presented for her keur conformation. This long-lined mare was sufficient developed and had a long lined body. She was very correct and had a functional movement. Aquila K was awarded the high point adult jumper of this keuring and earned her keur predicate.

Aquila K Roy Maher

Zieta SK. (Sir Sinclair keur x Gonnie ster prok by Zeoliet keur; breeder C. and K. Soethout-Koopman, owner Elizabeth Gordon) was presented in the dressage IBOP. Zieta had a nice frame under saddle and improved during the second part of the IBOP. All three gaits were clear and supple with sufficient length of stride. Zieta had a very workable character and she was very responsive to the aids. She received an 8.5 for her rideability and a total score of 76.5 .

Karat P Lana Sneddon

A very good class of jumper foals all earned a first premium. The elegant, modern **Karat P** (Voltaire pref x Pepita-S keur by Emilion pref ; b/o Prima Equestrian) led the class and had good jumper conformation. This long lined, well-proportioned filly has a good topline, long withers and a long croup. Her light-footed canter was balanced with good length of stride. Karat P is placed second in the nation so far.

Kolanda P Roy Maher

Second in the class was the well-muscled **Kolanda P** (Vigo d'Arsouillees x Rolanda elite by Ahorn pref; o/b Prima Equestrian). This feminine filly had a strong topline, long withers with a sloping shoulder and very correct legs. Her supple canter had good length of stride with sufficient balance.

Kolette P Lana Sneddon

Third in this class was the well-developed **Kisme Blue P** (Zirocco Blue VDL x Echinidee DN by Chin Chin; o/b Prima Equestriaan). Kisme Blue also had good jumper conformation with a good topline. His powerful canter had good length of stride and sufficient use of the body.

The only dressage foal at this location was the young **Kolette P** (Uphill x Odette N keur pref by Houston keur; o/b Prima Equestriaan). This feminine filly had an “uphill” body direction. Her long vertical neck was well muscled. Kolette P had long, well developed withers and a long sloping shoulder. Her well-muscled back and loin supported her carrying and uphill movement. Her trot had good rhythm and was light-footed. The canter had good articulation and good length of stride. In all her gaits Kolette P showed good suspension.

These remarks are for a snapshot in the lifetime of a horse.

Not all first premium or ster horses are mentioned in “The Reports from the Road”; only those horses that really stand out to the jury.

IBOP	Jumping	Results
	Glowstick P (Balou du Rouet x Ahorn)	79
	Dressage	
	Zieta K (Sir Sinclair x Zeoliet)	76.5
