KWPN NORTH AMERICA

Semen Insemination Record

To be filled out to record breedings for any offspring to be registered with the KWPN-NA. If you have multiple foals to record, please fill out a separate form for each offspring.

Owners of Activated KWPN-NA stallions and Affiliate stallions typically submit a breeding report. You can call the office to see if your mare's breeding has already been recorded.

*If reporting an insemination or breeding **before** the foal is born, this form must be signed by the person performing the insemination.*

If you are filling this form out for a horse/foal that is already born, no signature is required but the insemination date is still required.

Stallion:_____   Mare Owner: _____

  Reg #:_____ Breed: _____   Address: _____

Mare:_____   City, State, Zip: _____

  Reg #:_____ Breed: _____   Phone: _____

*(If either mare or stallion is **not** KWPN registered, please enclose a copy of registration papers.)*

Please check one of the following: ❑ Fresh/Chilled/Live Cover ❑ Frozen

If applicable, please check one (or both) of the following: ❑ ET ❑ ICSI   ._____
