The KWPN-NA

For over thirty years, the KWPN-NA has brought the passion and focus of the Dutch breeder home to North America.

The KWPN (Studbook of the Royal Dutch Sport Horse) is a Netherlands-based organization specializing in the breeding of jumper, dressage, hunter, harness and Gelders horses. Performance, durability, and attractive conformation are the most important factors on which the international success of the KWPN horse is based.

In 1983, the Dutch Warmblood Studbook in North America was established as the North American Department of the Royal Warmblood Studbook of the Netherlands (KWPN) in order to promote breeding and enjoyment of the KWPN horse in North America. As of January 1, 2006, the organization became known as the KWPN of North America, Inc.

Role of the KWPN-NA

For over thirty years, the non-profit KWPN-NA association has brought the passion and focus of the Dutch breeder home to North America, where breeders are now producing top international horses competing around the world in a variety of disciplines. With more than 1,300 members and an average of more than 420 registered foals annually over the last decade, the KWPN-NA has grown to become one of North America's largest Warmblood organizations.

Through a multitude of programs, the KWPN-NA staff and all-volunteer board work tirelessly to encourage the participation of registered KWPN horses in equestrian sport, and structure appropriate awards programs that will acknowledge and promote excellence on the part of KWPN horses, breeders, owners, riders and trainers in North America. The KWPN-NA also maintains an extensive database that records detailed breed registration information, inspection and performance results, ownership transfers and sales for all registered KWPN horses in North America; disseminates educational and informational data to breeders, owners and other interested individuals pertaining to the breeding, raising and approval of KWPN horses; schedules and

conducts inspections of stallions, foals, mares and geldings throughout North America; and promotes public awareness of the Royal Dutch Sport Horse.

KWPN-NA

Mission Statement

To establish, maintain and operate a nonprofit association of breeders, owners and other interested individuals for the promotion and preservation of the registered (KWPN) Dutch Warmblood horse in North America.

To encourage the participation of registered KWPN horses in the various equestrian disciplines and structure appropriate awards programs that will acknowledge and promote excellence on the part of KWPN horses, breeders, owners, riders and trainers.

To maintain a database that records: detailed breed registration information, inspection and performance results, including ownership transfers and sales for all registered KWPN horses in North America.

To disseminate educational and informational data to breeders, owners and other interested individuals pertaining to the breeding, raising and approval of KWPN horses, including scheduling and conducting various inspections throughout North America of stallions, foals, mares and geldings.

To promote the public awareness of the KWPN horse through targeted advertising.

To cooperate with other associations, breed registries and/or government agencies on matters and issues pertaining to the horse industry in North America, including health and safety standards and other guidelines and regulations that may impact the activities of breeders, owners, riders and trainers of horses.

New for 2022

A letter from our Chair, Meghan de Garay

Dear KWPN-NA Members,

What a strange world we are currently living in. Its hard to believe that two years ago most of us had never heard of the coronavirus and now it's a household word, a word which most of us wish we had never heard.

We understand the disappointment our membership feels after two years of cancelled keurings, no in-person AGM and no chance to get feedback and guidance for our breeding programs. Although we have decided to forego an in-person AGM for 2022 we are very hopeful for a 2022 keuring tour. We appreciate everyone's patience and understanding over the past two years for all the sacrifices we have had to endure due to travel restrictions, new safety guidelines and other restrictions. The good news is as an organization we have been able to grow our membership and remain financially sound despite the challenges over the past two years. We hope that everyone enjoyed our Virtual Foal/Yearling Futurity. We had wonderful participation with over 100 video submissions. You can see these videos on our You Tube Channel.

The Board of Directors thanks you for your continued support and participation in our organization. Hopefully we can all get together in person at our 2022 keuring tour.

Thank you,

Meghan de Garay
Chairman of the Board

USEF Year-End Hunter & Jumper Breeding

Please look for these results on our website.

General Requirements for Year-End Breed Awards

In order to be eligible for awards:

Horses must be KWPN registered and have papers on file at the KWPN-NA office.

The owner of the horse must be the 'owner of record' and be listed as such on the registration papers, or be verified as 'transfer in progress,' or have a current lease agreement on file with the KWPN-NA office.

The owner or lessee must be a current KWPN-NA member. Membership must be paid prior to October 1 of the competition year in order to qualify for awards.

To qualify for USDF All-Breeds awards, the horse must be declared as 'Dutch' or KWPN with USDF. USDF must have a copy of the horse's registration papers on file. If signed up with USEF, USEA or any other sport organization, these organizations should also have a copy of the horse's registration paper.

Please give the Show Name and Registered Name to the sport organizations and to the KWPN-NA.

When possible refer to horse by registered name when corresponding with the KWPN-NA. Include show name in parenthesis.

Whereas the KWPN-NA office will make every attempt to make sure horses are awarded for their performance, it is up to the owner/lessee to make sure points and eligibility are correct.

If you have questions concerning eligibility, please don't take a chance— call the KWPN-NA office at 859-225-5331.

2020 Special Awards

TONY DE GROOT MEMBER OF THE YEAR SPONSORED BY FRIENDS OF THE KWPN-NA

BREEDER OF THE YEAR

Willy Arts

Willy has been an integral part of the KWPN-NA for many years. As of 2021 he stepped down from the Board of Directors after a long service to the organization. Willy has helped the KWPN-NA coordinate many contracts and agreements with the KWPN and has been an invaluable asset to our organization in many aspects, including his work with DG Bar Ranch.

This is a special achievement award to recognize any KWPN-NA member that has made a significant contribution to the organization based on the criteria below. Member does not have to be a breeder, owner or rider.

- Keuring process;
- Newsletter and/or website;
- Annual Meeting;
- Promotion of the KWPN horse in sport and breeding;
- Promotion of the KWPN-NA horse in the horse community.

A special achievement award to recognize any KWPN-NA breeder member that has made a significant contribution to the organization. Criteria:

- Member
- Is an ambassador to the KWPN-NA to the greater horse community;
- Has attained success meeting the breeding goals of the KWPN through the keuring process and/or through sport;
- Keuring and sport results are cumulative rather than based on a single year.
- Member shall have bred the horses, but some consideration will be given to horses imported by a member.

Sporting Chance Farm

Dr. Carlos and Karin Jimenez of Sporting Chance Farm have been breeding Dutch Warmbloods for over 25 years. They are Platinum Level Breeders with multiple Elite, Preferent and Prestatie mares in their breeding program that they managed to those prestigious levels themselves. Their horses have gone on to compete at the highest levels in multiple disciplines including hunter, jumper and eventing. Some of their horses competing at the top levels today are:

MONDAY BALOUS /aka Eros SCF Sport (Balou du Rouet X Coriano): #1 YJC 6 Yr Old in the USA then, and now one of the winningest International Hunter Derby Horses in the USA. Owned by Don Stewart and Emil Spadone

PERFORMANCE HORSE OF THE YEAR

SPONSORED BY IRON SPRING FARM

Photo: Shannon Brinkman

Suppenkasper

Breeder: F. VAN DE POEL

Owner: Four Winds Farm, LLC

Rider: Steffen Peters

Suppenkasper made the most of his 2020 season. The median score in the Grand Prix for Peters and Suppenkasper was 76.149%, making him the USDF Grand Prix Horse of the Year. Among his many previous accolades, "Mopsie" dominated the CDI ring in 2020, winning a staggering 15 CDI's. 11 of those CDI's were consecutive victories in just two months. Standing at an impressive 18.2hh, Suppenkasper continues to dominate the Grand Prix ring, taking the KWPN to the top with him.

This award recognizes the best KWPN horses performing at FEI levels, in nationally recognized Young Horse Programs or in a Hunter division as follows:

1. Performing at the FEI level or Young Horse Program (includes all disciplines: Dressage, Jumper, Eventing, and Driving). Criteria include:

- Owner must be a KWPN-NA member;
- Owner must be the owner of record with the KWPN-NA office;
- Horse must have a confirmed record of success in sport;
- Horse exhibits the breeding goals of movement and/or jumping ability, conformation and type.

2. Performing in the Hunter Division and is recognized as a High Point Hunter. Criteria include:

- Owner must be a KWPN-NA member;
- Owner must be the owner of record with the KWPN-NA office;
- Horse must have a confirmed record of success in the hunter division based on points earned;
- Horse exhibits the breeding goals of movement and jumping ability, conformation and type.

Special consideration is given to horses bred in North America.

LIFETIME ACHIEVEMENT AWARD

Photo: Prima Equestrian

Michelle Bartlett

Michelle's lifelong love affair with horses began not long after she learned to walk. She didn't come from a farming family but found her vocation and life dream with horses and at the barn, deciding at a young age her destiny was to own and operate a horse farm.

Michelle owned several jumpers growing up, competing in Nova Scotia where her family moved after she was born. Michelle moved back to Ontario and bought her first KWPN horse, a gelding, when she was 18. She met Roy shortly after, through their mutual love of horses, which turned into a love that would last a lifetime. They started breeding before buying their farm and found the beautiful property that would become Prima Equestrian after their first foal was born.

Michelle had a vision right from the start, putting together a plan that would turn their property into a haven, a farm of such beauty that it is second to none. Michelle had been studying bloodlines for many years and knew that KWPN was the direction she wanted to travel. Recognizing VDL Stud as having the best bloodlines she called to discuss buying some mares but this call started what was to become a family to family relationship that is, even today, strong. She started acting as the VDL semen agent for Canada, providing great insight on bloodlines to many breeders.

Michelle imported many mares, most young, and she worked with them to bring out their potential. All made Ster, Keur and Elite, some of them moving on to be Sport, Preferent and Prestatie. Michelle also kept certain breeding's to establish her own lines which have also reached the highest of predicates. Her offspring have been bought by customers in Canada, USA, the Middle East, Australia and even imported to Europe. A measure of the quality Michelle achieved is that most of her customers

2021 LIFETIME ACHIEVEMENT AWARD

have come back to buy several more foals and become friends in the process.

There were no regular Keurings in the area when Michelle started breeding. She attended one in Ontario then even sent one of her mares to Iron Spring Farm. The mare made Keur and Michelle decided it was time Prima Equestrian step up and host a regular Keuring. From 2007, every year a Keuring has been hosted by Michelle and Roy.

In an effort to provide more value to both KWPN members and other local horse people, Michelle reached out to people she knew and put on demonstrations during the Keuring lunch break including having Team Canada Rider Diane Creech bring her young horses and give a demo of her training techniques. This and other demos were standing room only. She also brought in the only Double O judge in the world at the time, Cara Whitham, to be the announcer; she gave extremely interesting commentary during the inspection and was also a favourite of both participants and spectators. It was important to Michelle that everyone coming to her keurings had a great experience and they enjoy the environment.

In 2009 Michelle and Prima Equestrian applied and were selected to host a KWPN-NA Educational Seminar, members from New York, Calgary, BC and the Maritimes attended along with more local members from Ontario. Even senior Veterinarians Michelle knew from Guelph University Clinic attended.

Many of Michelle's customers use words like visionary to describe her; she was often the first breeder to use a stallion in either Canada or even North America. She was also extremely talented at matching

stallions to mares. This can be seen by the number of 1st Premium foals, NA Champions, Top 10, Ster, Ker, Elite horses she bred. Michelle and Prima Equestrian became one of the few Platinum Breeders in 20XX and were Breeder of the Year in 2016, she also won the Governor General's Cup for the top 3 year old in Canada.

Her customers often told her that she was their mentor; they called her often to talk about a mare they were going to buy or breed, a stallion they were considering or even the process of breeding when they were having a difficult time getting a mare pregnant, Several even had their vets call her to discuss processes which is quite amazing, even more satisfying when it resulted in a pregnancy and a thank you from breeder and vet.

During her busy time renovating and building the Farm, establishing and building a breeding operation and also building a customer base for semen sales, Michelle also came up with several better systems for horse sport. She decided to design, build and produce a better system for Jump Cups, breakaway pins (before the current breakaway system) and Dressage Arenas. Once her range of jump cups and breakaway pins had been built she worked with people like Steve Stephens in the US, EMG, Craig Collins and John Weir in Canada for proof of concept which resulted in her products being used in every major equine competition in North America and many globally including her dressage arenas and cups at The Olympics, Para Olympics, Pan Am Games, World Cup events, on and on.

Michelle was a visionary, a mentor but she was also lightning in a bottle, she was a great conversationalist and would light up any room she entered, she shared her knowledge freely and kept close with people all around the world, who would look for her advice and encouragement. She mentored one of her barn staff and introduced her to the senior vets at Guelph University when she expressed her desire to become a vet. With good grades and Michelle's recommendation she was accepted in the extremely competitive program and did indeed graduate as a vet and went on to work with horses.

Michelle was very proud of her accomplishments but she never took them for granted and was also very humble. All of her accomplishments were made through hard work and dedication to her vision, she was a true individual, she would always want her horses, farm, advice and products speak for her and they did. They will continue to, as long as her memory is kept by those lucky enough to know her.

Breeder Achievement Awards

How It Works

Only the breeder of record of a horse presented can earn points for that horse. In the Young Horse category, a horse may show at a keuring as a foal, yearling and/or two-year-old, but will earn points only one time within this category.

The breeder of the horse will receive points for each accomplishment that their horse has achieved. For example:

- If a horse receives a first premium status as a young horse, the breeder will earn one (1) point. If it is the Top Fives, It will earn one (1) additional point. Maximum number of possible points as a young horse is two (2).
- Three years later, that same horse—now a mature horse— receives its “Ster” predicate, and thereby earns two (2) more points for its breeder.
- If the horse successfully passes the IBOP (riding performance test) horse, it will receive two (2) more points.
- If the horse is a mare and was also keur eligible at its studbook inspection, she would now earn the Keur predicate and yet an additional two (2) points for the breeder.

Therefore, this single horse has earned seven (7) points for its breeder if a mare and a five (5) points for its breeder if a gelding: 1 point for receiving a first premium as a foal, 2 points for the “Ster” designation, 2 points for a passing IBOP (and 2 more points for the “Keur” designation if a mare).

THE POINT SYSTEMPOINTS

Keeping Track of Points

Breeders must apply for the award status in this program. Once a breeder has reached the qualifying points for the first level (Silver), the breeder must send all applicable documentation to the KWPN-NA office. The office will then verify the documentation. When the breeder has earned enough points to upgrade to a higher level (Gold or Platinum), the breeder must again send the documentation to the KWPN-NA office. In other words, it is up to breeders to nominate themselves when they think they have earned enough points for the award or nominate themselves to a higher level of the award program. Breeders will receive their awards the following year (the year after they achieve the results).

An award to recognize member breeders who have accomplished significant results throughout the years with their breeding program.

Breeders qualify for the award based on a point system.

There are three levels of achievement within the program:

Platinum: 100 Points | Gold: 60 Points
Silver: 30 Points | *New!* Bronze: 15 Points

Classification of Stallions

Stallion evaluations for licensing or approval in North America takes place under the guidance of, and is subject to, the directives of the KWPN Stallion Committees. The KWPN Stallion Committees may be assisted by advisors or delegate parts of the evaluation.

Approved/Licensed/Erkend

Approved Stallions

Approved stallions are designated as Stb.

- Have been successfully presented for approval.
- Have successfully completed all veterinary requirements (physical, endoscopy, semen and D-OC plus NS/DJD radiographs).
- Have successfully completed a KWPN Stallion Performance Test
- Have shown an offspring collection.
- Generally have Foalbook offspring.

Erkend Stallions

Individually Erkend stallions must

- Be listed in the WBFSH Sire Rankings and
- Have proven themselves in international sport either through their own performance, through that of offspring, or through a combination of the two.
- Have not necessarily completed the veterinary requirements.
- Generally have Foalbook offspring.

Licensed Stallions

Licensed stallions are still designated as VB.

- Have been successfully presented for approval at a KWPN-NA keuring.
- Have successfully completed all veterinary requirements (see above).
- Have not yet passed a 21-Day or 5-Day Performance Test.
- Have not yet shown a foal collection.
- Generally have Register A offspring.

Performance Test

Licensed stallions must successfully complete the KWPN 21-Day or 5-Day Performance Test to become approved. The KWPN does not accept results from any other performance test in North America. After approval, it is desirable but not required for a stallion to have a sport career at higher levels of sport.

The Character and Behavior evaluation of stallions is an important part of the performance test.

Harness Stallions

Licensed harness stallions are required to be shown in harness at a KWPN-NA keuring *the year after being licensed* in order to maintain their license. Stallions that have competed at the highest (honors) level of harness sport in Holland may be excused from this requirement.

Offspring Inspections

To maintain Approved status, a stallion's offspring must be inspected at various intervals. The stallion's influence will be evaluated relative to the influences of the mare based on the offspring presented at a keuring. As the offspring age they will be evaluated in sport to determine whether the stallion passes on sufficient athletic ability to his offspring.

If at any time a stallion's offspring are deemed insufficient the stallion may be placed on the Watch List until the next offspring evaluation. If at that time the offspring are sufficient the stallion's status will return to Approved; if not the stallion will lose his approval.

Offspring are inspected at the following intervals:

- A minimum of ten* offspring at the dam's side for foal inspection ***within two years after approval***. Foals may be presented at different locations during the inspection tour, although seeing see a larger group at a single keuring location is preferred.
- A minimum of ten* three-to-five year old offspring at studbook inspections ***by the time the oldest offspring are five years old***.
- Sport results of minimum ten* offspring aged five to eleven ***by the time the oldest offspring are eleven years old***.

If a stallion does not meet the above requirements, the owner can apply for a one-year extension. An extension will be granted only if the KWPN stallion committee sees potential in the stallion and the owner has an acceptable reason (e.g., veterinary) as to why the stallion did not meet his requirements.

After successfully completing all the previously stated requirements, a stallion will have met all the approval criteria and may be permanently approved.

****Due to the limited number of Harness Horse breedings in North America, the number of offspring from Harness stallions required for evaluation at the designated intervals is five rather than ten.***

Stallion Predicates

Keur

An approved stallion becomes eligible for keur after his first foal crop turns seven. The stallion must positively differentiate himself from other stallions based on the sport and conformation qualities of his offspring. Stallions should have a sport index that is higher than 140 with minimum 85% reliability and must pass on good conformation as evidenced from keuring results.

Preferent

Preferent is the highest honor bestowed on an approved stallion. The stallion must previously have been awarded the keur predicate. The stallion must positively differentiate himself from other stallions based sport and conformation qualities of his offspring that are a minimum of 11 years of age. The stallion must have a sport index higher than 140 with minimum reliability of 85% and must also pass on good conformation. For preferent it is also important that the stallion shows a positive influence on the male line. The predicate can also be awarded posthumously.

KWPN stallions standing in North America must be activated for the breeding year in order for their foals to be eligible for registration.

Foalbook/Watchlist

Foalbook Stallions

There may be times when a breeder wishes to breed to a Foalbook stallion because he is from a specific bloodline or because he is a great performance horse. A Foalbook stallion was:

- Never presented for Approval ***or***
- Presented for Approval but not accepted, ***or***
- Once Approved, Licensed or on the Watch List but reverted to Foalbook, likely because of sport or offspring. If he was once Approved, his status would still be Stb on registration papers.

Offspring Registration:

- Offspring from Foalbook stallions generally receive Register B papers.
- Offspring from Foalbook stallions approved with an Erkend studbook generally receive Register A papers.

Depending on the mare, offspring from Foalbook stallions may be retroactively upgraded to a higher book upon the stallion's approval.

Watchlist Stallions

Stallions on the Watch List were once approved but had an insufficient offspring evaluation due to number of foals sired, keuring or sport results. He was thus was put on a list to 'watch' until the next evaluation period. At the following evaluation period, offspring will be again evaluated and, based on those results, the stallion will either be returned to Approved or revert back to Foalbook. The book designation on his registration paper will not change.

After exportation to North America, the status of KWPN stallions approved cannot change due to having insufficient offspring in Holland. They will retain the status they had upon exportation unless the quality of foals sired in North America is insufficient. Their status would change if they were ever exported back to Holland.

Offspring from Watch List stallions receive Register B papers. If the stallion's approval is reinstated, foals registered during the 'watch' period may be upgraded.

Offspring Statistics

KWPN-NA Offspring (1985 through 2021)

These pages show a report on North American born offspring of Approved and Licensed Stallions

Horses inspected at KWPN keuringen are classified according to the following:

- 1st Premium – Higher than average quality.
- 2nd Premium – Average KWPN quality. Some faults or lack of quality in type, conformation, and/or movement.

When studying these statistics, keep in mind that:

1. Older stallions will have more/older offspring than young or newly imported stallions
2. Many stallions have offspring in areas where not many inspections are held, which of course affects their offspring keuring results.
3. The mares bred/foals registered ratio is not a totally accurate representation of fertility as some foals are registered late, are registered elsewhere or are not registered at all. The numbers in this table are the numbers of foals registered, not born.
4. All stallions have 1st and 2nd Premium offspring. No stallion has exclusively 1st Premium offspring.
5. Stallions have other offspring achievements in breeding, show and sport that listed on their individual page.
6. Mares with ster, keur or elite predicates may actually have been

Breeding Advice It's a Pleasure is an honest and reliable stallion with good temperament. He is very willing to work and has very good trainability. The walk is pure and active with good scope, the trot is light footed with good scope and the hind leg carries well. The canter is uphill and light footed with excellent carriage and balance. He moves with abundant elasticity, good body position and very good balance. He shows abundant talent for dressage and gives his rider a good feeling. It's a Pleasure can add both size and light footed movement to dressage horse breeding.

Breeding Advice

Performance Notes Jayson convincingly won his initial Stallion Test and went on to complete the KWPN Short Test in the fall of 2018 earning 9s for rideability and attitude. Jayson placed well in the PAVO Cup Finals and is selected for the 2020 FEI World Championships for Young Horses. His first foals have impressed in both Holland and the US with their modern type and strong movement.

Pedigree Information The eye-catching black stallion Jayson has much to offer beyond his good looks. He also has an FEI pedigree filled with top performers that will catch any dressage breeder's attention. His sire is *Johnson* who had an impressive career including the World Equestrian Games, Olympics, and European Championships. Grandsire *Jazz* stands at the top of the KWPN rankings for dressage stallions. Jayson's damsire, the revered stallion *Negro*, has proven his reliability as a sire of many Grand Prix horses.

Test Report A stallion with amazing bloodlines and the performance record and offspring to back it up.

Juventus's dam, Aphrodite is also the dam of Ex Libris (by Elan xx) who was a successful performance and breeding stallion, winning his Performance Testing in Germany and siring Carl Hester's Olympic mount, Escapado. Ex Libris daughters have become great broodmares and he is the damsire of Rubinero (by Rubenstein) and De Libris (by De Niro).

Juventus's sire Dublin produced 2 Approved sons, including Juventus. Dublin was winner of his 100 day test in Holland in 1988 and is by Uift x Lucky Boy. Uift is sire of Olympic Ferro.

As for his own performance, Juventus started his career by being named Champion foal at Brabant in 1991 and then went on to be Reserve Champion at his stallion test. He received 9's on his walk, trot, canter and trainability and a 10 on character. Iron Spring Farm imported him to the USA and from there he performed well up to Intermediate I, and holds the distinction of sweeping all his classes at Dressage at Devon, including Grand Champion, not once but twice within five years. He has produced over 200 offspring for Germany and Iron Spring that are still competing today up to Grand Prix and his GP son Partous was even imported to the USA for a young rider in 2012.

Juventus has produced a handful of successful foals for Cornell's teaching/breeding program out of a variety of mares, with the shining star being FJ Ramzes (out of a Rampal daughter), a 2011 gelding, who has been named to the U.S. Equestrian's Dressage Development program with trainer Lehua Custer. Juventus foals are known for their beauty, movement and trainability.

Performance Notes Kjento is a stallion that quickly catches your attention with his pedigree, attractive type, powerful gaits, and exceptional rideability. Champion of his KWPN Stallion Test, Kjento earned five scores of 9 and a 9.5 for his canter for an impressive total of 90 points. In 2019, he was Reserve Champion at the PAVO Cup Finals and he is selected for the 2020 FEI World Championships for Young Horses.

Pedigree Information Kjento is by the preferent stallion *Negro*, a proven sire of FEI horses. Kjento's dam competed through Z-level Dressage, was 3rd at the National Mare Show as a 3-year old, and earned an impressive score of 90 at her IBOP. Her

sire, *Jazz*, was himself an International Grand Prix competitor and has one of the strongest records in the world for siring FEI offspring. Kjento has been very popular with our breeders and his first foals brought high auction prices in Europe in 2020.

Breeding Advice: Koning DG can improve the dressage type. Koning DG can improve rideability and suppleness, uphill tendency and leg technique in walk, trot and canter. Produces foals with super type and good size, complete horses with great temperaments and characters.

Test Report Koning DG is a modern, well developed longlegged stallion, with a good dressage type. Koning has a well shaped neck and well developed withers. His back is somewhat weak, his croupe is well shaped and long. The stance of his legs are correct, with somewhat narrow feet.

Koning DG shows very good rideability, with good balance and posture. His walk is pure, active and athletic with good length of stride. Koning shows good posture in his lightfooted trot with expressive use of his frontleg and sufficient power. His canter is very well balanced, has good length of stride and uphill tendency with very expressive use of his frontleg.

Koning DG was sired by Bordeaux, who competes at GP level dressage and proves himself with his talented offspring. His dam is a keur mare and received good scores at her studbook entry. His granddam competed at Intermediare 1 level, his greatgrand dam competed at third level.

Breeding Advice

Performance Notes Lantanas received an excellent report at his KWPN Stallion Test and earned 8s or higher for all three gaits. He was praised for his willingness to work, his talent for dressage, and his uphill balance and was described as an honest and easy-going stallion in the barn. We are very excited to watch his development in sport under the talented team at Van Olst Horses. His first foals show his modern, elegant type.

Pedigree Information A fresh pedigree, impressive exterior, and three exceptional gaits mark Lantanas as an attractive addition for dressage breeders. His sire, *Sir Donnerhall*, has over 90 approved sons, 193 States Premium daughters, Young Horse Champions, and many Grand Prix CDI horses to his record. The dam of Lantanas is herself a Prestatie mare who produced 2 licensed stallions, the Grand Prix mare *Vitana V*, and is the granddam for the Grand Prix stallion *Cennin*.

The walk is active, regular and very good in space and flexibility. The trot has good to very good space with a hindleg which is very easy to work with. The canter has a powerful impulsion, has good to very good space and a lot of bearing capacity. Lowlands moves with a good leg technique, a good posture and good balance. Lowlands has much to very much talent for dressage and gives his rider a very good feeling.

Pedigree Information The popular *Easy Game* son *Millennium* has already produced several inspection champions in Germany and gets his first approved son in "the low countries" in Lowlands. The mother of Lowlands is *La Donna S*, a daughter of *Donnerball*, who won silver at the World Dressage Horses World Championships at the age of five years old. He performed at the highest level in the sport with Kristina Sprehe. He is a son of the very influential *Donnerball*, a name in the pedigree of dressage horses which is liked to be seen. Thereafter we find the *Landgraf I* son *Landadel* in the dam line of Lowlands.

Breeding Advice Utopie can improve the canter for jumper mares that lack development but do have a good topline.

Pedigree Information Utopie has jumping talent on both sides. Sire Jacomar had great successes and belongs to the top earners in sport. Dam *Pherna* scored one 9 and two 8.5 in the jumping IBOP and has made her international debut. Grand-dam Cerna, and five brothers and sisters jumped at Z-level.

Performance Test Report Utopie is quick and has a good take-off. The foreleg folds sufficiently, he has much suppleness, seems careful and shows much scope. He has much talent for jumping and it seems easy for him.

KWPN Foalbook Stallions Activated for 2022

Foalbook Stallions Approved with an Erkend Studbook

The stallions that are individually listed on these pages are registered in the KWPN Foalbook but have been approved by a studbook that has been Erkend by the KWPN. In general, foals by these stallions will receive Register A papers and can be accepted into the studbook at age three or older without meeting any further additional requirements.

To qualify for keur or elite status, mares by these stallions must complete any additional requirements not met by their sire.

Note: If you have questions about the registration possibilities and requirements for offspring by these stallions, please visit www.kwpn-na.org or call the KWPN-NA office.

Verrichtingsonderzoek – Performance Test

Starting with 750–800 stallions in the first round, a final group of approximately 50–60 stallions is selected from the third ring for the performance test, which is held twice a year—in the spring and the fall. The spring test lasts 70 days and the fall test lasts 50 days. Stallions attending the fall test are expected to have been well started under saddle at home prior arrival at the test. Of the stallions attending the test, about 15–25 stallions pass and become 'Goedgekeurd' or Approved.

From 1993–2006

Riding horses were scored for:

- W** stap – walk
- T** draf – trot
- C** gallop – canter
- TD** aanleg dressuur – dressage talent
- TO** afdruk – take-off
- T** techniek – technique
- S** vermogen – scope
- TJ** aanleg springen – jumping talent

Prior to 1993

The KWPN Stallion Performance Test was 100 days long and the following were also included:

- C** karakter – character
- CC** terreinproef – cross country
- FJ** vrij springen – free jumping
- J** springen ohz – jumping under saddle
- SB** stalgedrag – stable behavior
- RT** rijproef – riding test
- TR** trainingsrapport – training report
