The KWPN-NA

For over thirty years, the KWPN-NA has brought the passion and focus of the Dutch breeder home to North America.

The KWPN (Studbook of the Royal Dutch Sport Horse) is a Netherlands-based organization specializing in the breeding of jumper, dressage, hunter, harness and Gelders horses. Performance, durability, and attractive conformation are the most important factors on which the international success of the KWPN horse is based.

In 1983, the Dutch Warmblood Studbook in North America was established as the North American Department of the Royal Warmblood Studbook of the Netherlands (KWPN) in order to promote breeding and enjoyment of the KWPN horse in North America. As of January 1, 2006, the organization became known as the KWPN of North America, Inc.

Role of the KWPN-NA

For over thirty years, the non-profit KWPN-NA association has brought the passion and focus of the Dutch breeder home to North America, where breeders are now producing top international horses competing around the world in a variety of disciplines. With more than 1,300 members and an average of more than 420 registered foals annually over the last decade, the KWPN-NA has grown to become one of North America's largest Warmblood organizations.

Through a multitude of programs, the KWPN-NA staff and all-volunteer board work tirelessly to encourage the participation of registered KWPN horses in equestrian sport, and structure appropriate awards programs that will acknowledge and promote excellence on the part of KWPN horses, breeders, owners, riders and trainers in North America. The KWPN-NA also maintains an extensive database that records detailed breed registration information, inspection and performance results, ownership transfers and sales for all registered KWPN horses in North America; disseminates educational and informational data to breeders, owners and other interested individuals pertaining to the breeding, raising and approval of KWPN horses; schedules and

conducts inspections of stallions, foals, mares and geldings throughout North America; and promotes public awareness of the Royal Dutch Sport Horse.

Mission Statement

To establish, maintain and operate a nonprofit association of breeders, owners and other interested individuals for the promotion and preservation of the registered (KWPN) Dutch Warmblood horse in North America.

To encourage the participation of registered KWPN horses in the various equestrian disciplines and structure appropriate awards programs that will acknowledge and promote excellence on the part of KWPN horses, breeders, owners, riders and trainers.

To maintain a database that records: detailed breed registration information, inspection and performance results, including ownership transfers and sales for all registered KWPN horses in North America.

To disseminate educational and informational data to breeders, owners and other interested individuals pertaining to the breeding, raising and approval of KWPN horses, including scheduling and conducting various inspections throughout North America of stallions, foals, mares and geldings.

To promote the public awareness of the KWPN horse through targeted advertising.

To cooperate with other associations, breed registries and/or government agencies on matters and issues pertaining to the horse industry in North America, including health and safety standards and other guidelines and regulations that may impact the activities of breeders, owners, riders and trainers of horses.

New for 2023

A letter from our Chair, Meghan de Garay

Dear KWPN-NA Members,

After 8 years of serving on the Board of Directors, I am stepping down. I am proud of what our team has accomplished during that time. While I will miss my time on the Board, it is important for the organization to grow by adding the voices and ideas of new board members.

We were very excited to be able to host keurings again in 2022 and had record numbers of entries for a very successful keuring tour. We also participated in the NASST in 2022 and look forward to supporting the stallion test annually. 2023 is off to a good start with the KWPN-NA hosting an in person Annual General Meeting again. This is to take place at Sonnenberg Farm in Sherwood, OR. We are very much looking forward to being together again for a fun and educational meeting.

Thank you for your continued support of our organization.

Meghan de Garay

Departing Chairman of the Board

USEF Year-End Hunter & Jumper Breeding

Please look for these results on our website.

General Requirements for Year-End Breed Awards

In order to be eligible for awards:

Horses must be KWPN registered and have papers on file at the KWPN-NA office.

The owner of the horse must be the 'owner of record' and be listed as such on the registration papers, or be verified as 'transfer in progress,' or have a current lease agreement on file with the KWPN-NA office.

The owner or lessee must be a current KWPN-NA member. Membership must be paid prior to October 1 of the competition year in order to qualify for awards.

To qualify for USDF All-Breeds awards, the horse must be declared as 'Dutch' or KWPN with USDF. USDF must have a copy of the horse's registration papers on file. If signed up with USEF, USEA or any other sport organization, these organizations should also have a copy of the horse's registration paper.

Please give the Show Name and Registered Name to the sport organizations and to the KWPN-NA.

When possible refer to horse by registered name when corresponding with the KWPN-NA. Include show name in parenthesis.

Whereas the KWPN-NA office will make every attempt to make sure horses are awarded for their performance, it is up to the owner/lessee to make sure points and eligibility are correct.

If you have questions concerning eligibility, please don't take a chance— call the KWPN-NA office at 859-225-5331.

2021 Special Awards

TONY DE GROOT MEMBER OF THE YEAR
SPONSORED BY FRIENDS OF THE KWPN-NA

BREEDER OF THE YEAR

Bart Henstra

Bart earned his a Bachelor's degree in Agriculture from Wageningen University. He has been a KWPN jury member since 2003. In 2005 he became the inspector in training for the province of Friesland and the KWPN inspector (mares and stallions) for Scotland. Early in 2007 he became the regional inspector for Friesland and joined the jury in North America. Bart is the KWPN regional inspector of Groningen, and is responsible for carrying out the breeding goals in the province and assisting breeders with knowledge and advice.

Bart has been the head of the KWPN-NA jury since 2008 and is a member of the KWPN reexamination committee for jumpers. He has been a valuable asset to the breeders in North America, offering advice and assistance to help improve their breeding programs. He has regularly attended our Annual Meetings and is always willing to give advice and answer questions from our members.

Together with his partner Ms. Pytrick Adema, he runs Stal Henstra, a breeding and training stable for jumpers and dressage horses in Droge ham, Friesland.

Deborah Harrison

As a KWPN breeder for over 35 years, we are honored to present Deborah P. Harrison, DVM with the recognition she undoubtedly deserves. Dr. Harrison has been a major contributor to the breeding of Dutch horses in North America since the founding of the KWPN-NA. She has bred over 50 upper-level horses; including 16 FEI Grand Prix horses and an approved KWPN-NA stallion, Ijsselmeer Ikepono. Many of the horses she bred are still competing at the top levels of the sport as well as contributing to the founding of other breeders' programs. Though Dr. Harrison retired from breeding in 2020, the products of her program are still providing breeders and competitors with top level prospects for the future.

This is a special achievement award to recognize any KWPN-NA member that has made a significant contribution to the organization based on the criteria below. Member does not have to be a breeder, owner or rider.

- Keuring process;
- Newsletter and/or website;
- Annual Meeting;
- Promotion of the KWPN horse in sport and breeding;
- Promotion of the KWPN-NA horse in the horse community.

A special achievement award to recognize any KWPN-NA breeder member that has made a significant contribution to the organization. Criteria:

Member

- Is an ambassador to the KWPN-NA to the greater horse community;
- Has attained success meeting the breeding goals of the KWPN through the keuring process and/or through sport;
- Keuring and sport results are cumulative rather than based on a single year.
- Member shall have bred the horses, but some consideration will be given to horses imported by a member.

PERFORMANCE HORSE OF THE YEAR

SPONSORED BY IRON SPRING FARM

Tyara crown (Farrington keur x Jolimba Pref, Prest, Sport-Dr by Bazuin)

Photo: Susan J Stickle

Tyara crown (Farrington x Bazuin)

Tyara is a 23 year old KWPN mare by the great Farrington. While not American bred, she is American owned and ridden. Tyara has taken several riders to the top levels of the sport, but most recently with owner Rebecca Lord. What sets Tyara apart from other top level horses is her ability to win at the Grand Prix level at an advanced age when most horses have been long retired. A true testament to the heart and soundness of the Gelders horse, Tyara has also been awarded the prestigious Crown predicate. Few horses in North America have earned this award and Tyara has cemented her place in KWPN-NA competition history.

This award recognizes the best KWPN horses performing at FEI levels, in nationally recognized Young Horse Programs or in a Hunter division as follows:

1. Performing at the FEI level or Young Horse Program (includes all disciplines: Dressage, Jumper, Eventing, and Driving). Criteria include:

- Owner must be a KWPN-NA member;
- Owner must be owner of record with the KWPN-NA office;
- Horse must have a confirmed record of success in sport;
- Horse exhibits the breeding goals of movement and/or jumping ability, conformation and type.

2. Performing in the Hunter Division and is recognized as a High Point Hunter. Criteria include:

- Owner must be a KWPN-NA member;
- Owner must be the owner of record with the KWPN-NA office;
- Horse must have a confirmed record of success in the hunter division based on points earned;
- Horse exhibits the breeding goals of movement and jumping ability, conformation and type.

Special consideration is given to horses bred in North America.

Breeder Achievement Awards

How It Works

Only the breeder of record of a horse presented can earn points for that horse. In the Young Horse category, a horse may show at a keuring as a foal, yearling and/or two-year-old, but will earn points only one time within this category.

The breeder of the horse will receive points for each accomplishment that their horse has achieved. For example:

- If a horse receives a first premium status as a young horse, the breeder will earn one (1) point. If it is the Top Fives, It will earn one (1) additional point. Maximum number of possible points as a young horse is two (2).
- Three years later, that same horse—now a mature horse— receives its “Ster” predicate, and thereby earns two (2) more points for its breeder.
- If the horse successfully passes the IBOP (riding performance test) horse, it will receive two (2) more points.
- If the horse is a mare and was also keur eligible at its studbook inspection, she would now earn the Keur predicate and yet an additional two (2) points for the breeder.

Therefore, this single horse has earned seven (7) points for its breeder if a mare and a five (5) points for its breeder if a gelding: 1 point for receiving a first premium as a foal, 2 points for the “Ster” designation, 2 points for a passing IBOP (and 2 more points for the “Keur” designation if a mare).

Keeping Track of Points

Breeders must apply for the award status in this program. Once a breeder has reached the qualifying points for the first level (Silver), the breeder must send all applicable documentation to the KWPN-NA office. The office will then verify the documentation. When the breeder has earned enough points to upgrade to a higher level (Gold or Platinum), the breeder must again send the documentation to the KWPN-NA office. In other words, it is up to breeders to nominate themselves when they think they have earned enough points for the award or nominate themselves to a higher level of the award program. Breeders will receive their awards the following year (the year after they achieve the results).

An award to recognize member breeders who have accomplished significant results throughout the years with their breeding program.

Breeders qualify for the award based on a point system.

There are three levels of achievement within the program:

Platinum: 100 Points | Gold: 60 Points
Silver: 30 Points | *New!* Bronze: 15 Points

Classification of Stallions

Stallion evaluations for licensing or approval in North America takes place under the guidance of, and is subject to, the directives of the KWPN Stallion Committees. The KWPN Stallion Committees may be assisted by advisors or delegate parts of the evaluation.

Approved/Licensed/Erkend

Approved Stallions

Approved stallions are designated as Stb.

- Have been successfully presented for approval.
- Have successfully completed all veterinary requirements (physical, endoscopy, semen and D-OC plus NS/DJD radiographs).
- Have successfully completed a KWPN Stallion Performance Test
- Have shown an offspring collection.
- Generally have Foalbook offspring.

Erkend Stallions

Individually Erkend stallions must

- Be listed in the WBFSH Sire Rankings and
- Have proven themselves in international sport either through their own performance, through that of offspring, or through a combination of the two.
- Have not necessarily completed the veterinary requirements.
- Generally have Foalbook offspring.

Licensed Stallions

Licensed stallions are still designated as VB.

- Have been successfully presented for approval at a KWPN-NA keuring.
- Have successfully completed all veterinary requirements (see above).
- Have not yet passed a 21-Day or 5-Day Performance Test.
- Have not yet shown a foal collection.
- Generally have Register A offspring.

Performance Test

Licensed stallions must successfully complete the KWPN 21-Day or 5-Day Performance Test to become approved. The KWPN does not accept results from any other performance test in North America. After approval, it is desirable but not required for a stallion to have a sport career at higher levels of sport.

The Character and Behavior evaluation of stallions is an important part of the performance test.

Harness Stallions

Licensed harness stallions are required to be shown in harness at a KWPN-NA keuring *the year after being licensed* in order to maintain their license. Stallions that have competed at the highest (honors) level of harness sport in Holland may be excused from this requirement.

Offspring Inspections

To maintain Approved status, a stallion's offspring must be inspected at various intervals. The stallion's influence will be evaluated relative to the influences of the mare based on the offspring presented at a keuring. As the offspring age they will be evaluated in sport to determine whether the stallion passes on sufficient athletic ability to his offspring.

Finalè (Contester II x Vosmaer by Commandant)

Photo: Tamara with the Camera

If at any time a stallion's offspring are deemed insufficient the stallion may be placed on the Watch List until the next offspring evaluation. If at that time the offspring are sufficient the stallion's status will return to Approved; if not the stallion will lose his approval.

Offspring are inspected at the following intervals:

- A minimum of ten* offspring at the dam's side for foal inspection ***within two years after approval***. Foals may be presented at different locations during the inspection tour, although seeing see a larger group at a single keuring location is preferred.
- A minimum of ten* three-to-five year old offspring at studbook inspections ***by the time the oldest offspring are five years old***.
- Sport results of minimum ten* offspring aged five to eleven ***by the time the oldest offspring are eleven years old***.

If a stallion does not meet the above requirements, the owner can apply for a one-year extension. An extension will be granted only if the KWPN stallion committee sees potential in the stallion and the owner has an acceptable reason (e.g., veterinary) as to why the stallion did not meet his requirements.

After successfully completing all the previously stated requirements, a stallion will have met all the approval criteria and may be permanently approved.

****Due to the limited number of Harness Horse breedings in North America, the number of offspring from Harness stallions required for evaluation at the designated intervals is five rather than ten.***

Stallion Predicates

Keur

An approved stallion becomes eligible for keur after his first foal crop turns seven. The stallion must positively differentiate himself from other stallions based on the sport and conformation qualities of his offspring. Stallions should have a sport index that is higher than 140 with minimum 85% reliability and must pass on good conformation as evidenced from keuring results.

Preferent

Preferent is the highest honor bestowed on an approved stallion. The stallion must previously have been awarded the keur predicate. The stallion must positively differentiate himself from other stallions based sport and conformation qualities of his offspring that are a minimum of 11 years of age. The stallion must have a sport index higher than 140 with minimum reliability of 85% and must also pass on good conformation. For preferent it is also important that the stallion shows a positive influence on the male line. The predicate can also be awarded posthumously.

KWPN stallions standing in North America must be activated for the breeding year in order for their foals to be eligible for registration.

Foalbook/Watchlist

Foalbook Stallions

There may be times when a breeder wishes to breed to a Foalbook stallion because he is from a specific bloodline or because he is a great performance horse. A Foalbook stallion was:

- Never presented for Approval ***or***
- Presented for Approval but not accepted, ***or***
- Once Approved, Licensed or on the Watch List but reverted to Foalbook, likely because of sport or offspring. If he was once Approved, his status would still be Stb on registration papers.

Offspring Registration:

- Offspring from Foalbook stallions generally receive Register B papers.
- Offspring from Foalbook stallions approved with an Erkend studbook generally receive Register A papers.

Depending on the mare, offspring from Foalbook stallions may be retroactively upgraded to a higher book upon the stallion's approval.

Watchlist Stallions

Stallions on the Watch List were once approved but had an insufficient offspring evaluation due to number of foals sired, keuring or sport results. He was thus was put on a list to 'watch' until the next evaluation period. At the following evaluation period, offspring will be again evaluated and, based on those results, the stallion will either be returned to Approved or revert back to Foalbook. The book designation on his registration paper will not change.

After exportation to North America, the status of KWPN stallions approved cannot change due to having insufficient offspring in Holland. They will retain the status they had upon exportation unless the quality of foals sired in North America is insufficient. Their status would change if they were ever exported back to Holland.

Offspring from Watch List stallions receive Register B papers. If the stallion's approval is reinstated, foals registered during the 'watch' period may be upgraded.

DISCLAIMER *The KWPN of North America makes no claim or guarantee as to the fertility or freedom from disease of any stallion listed in this handbook. The KWPN-NA does not guarantee the accuracy of the information provided by stallion owners for publication in this handbook. All breeding stallions listed in this handbook are required to be tested for Equine Viral Arteritis prior to their initial breeding season. The KWPN-NA has no control over the actual testing and has no knowledge of a subject stallion's potential exposure to EVA. The KWPN-NA can only certify that stallions have been tested or vaccinated. The KWPN-NA assumes no responsibility for any problems caused to any mare utilizing the services of a particular stallion. It is the responsibility of the breeder to verify the EVA test results to their own satisfaction prior to breeding.*

Offspring Statistics

KWPN-NA Offspring (1985 through 2022)

These pages show a report on North American born offspring of Approved and Licensed Stallions

Horses inspected at KWPN keuringen are classified according to the following:

- 1st Premium – Higher than average quality.
- 2nd Premium – Average KWPN quality. Some faults or lack of quality in type, conformation, and/or movement.

When studying these statistics, keep in mind that:

1. Older stallions will have more/older offspring than young or newly imported stallions
2. Many stallions have offspring in areas where not many inspections are held, which of course affects their offspring keuring results.
3. The mares bred/foals registered ratio is not a totally accurate representation of fertility as some foals are registered late, are registered elsewhere or are not registered at all. The numbers in this table are the numbers of foals registered, not born.
4. All stallions have 1st and 2nd Premium offspring. No stallion has exclusively 1st Premium offspring.
5. Stallions have other offspring achievements in breeding, show and sport that listed on their individual page.
6. Mares with ster, keur or elite predicates may actually have been counted two or more times. They would have been marked down as ster in one year and in a later year marked down as keur and/or elite.

Breedings with Imported Frozen KWPN Semen

Frozen semen from Approved KWPN stallions is available in North America. The KWPN-NA does not in any way represent these stallions and all communication regarding these stallions must be directed to the owner or agent. Please contact the owner

or agent to get specific terms and conditions on the sale of semen.

The stallions have been quarantined and have had their semen tested in Holland, but neither the KWPN nor the KWPN-NA makes any claim or guarantee as to the fertility

or freedom from disease (including EVA) of any of these stallions. While every effort has been made to ensure accuracy of information, the KWPN-NA accepts no responsibility for inadvertent errors.

Breeding Advice

Performance Notes Jayson convincingly won his initial Stallion Test and went on to complete the KWPN Short Test in the fall of 2018 earning 9s for rideability and attitude. Jayson placed well in the PAVO Cup Finals and is selected for the 2020 FEI World Championships for Young Horses. His first foals have impressed in both Holland and the US with their modern type and strong movement.

Pedigree Information The eye-catching black stallion Jayson has much to offer beyond his good looks. He also has an FEI pedigree filled with top performers that will catch any dressage breeder's attention. His sire is *Johnson* who had an impressive career including the World Equestrian

Games, Olympics, and European Championships. Grandsire *Jazz* stands at the top of the KWPN rankings for dressage stallions. Jayson's damsire, the revered stallion *Negro*, has proven his reliability as a sire of many Grand Prix horses.

Sport Results in Europe 2018: Winner of 2017/2018 NRPS Stallion Performance Test, completed KWPN Short-Term Performance Test earning multiple scores of 8 or above and 9's for rideability and attitude, Winner of the PAVO Cup Pre-Selection in Houten and 6th place in PAVO Cup Finals. 2019: Reserve Champion 2018-2019 KWPN Stallion Competition Finals, 11th place in PAVO Cup Finals, Alternate for WBFSH Young Horse Championships. 2020: 4th place in the KWPN Stallion Competition Finals, Selected for WBFSH Young Horse Championships.

Test Report A stallion with amazing bloodlines and the performance record and offspring to back it up.

Juventus's dam, Aphrodite is also the dam of Ex Libris (by Elan xx) who was a successful performance and breeding stallion, winning his Performance Testing in Germany and siring Carl Hester's Olympic mount, Escapado. Ex Libris daughters have become great broodmares and he is the damsire of Rubinero (by Rubenstein) and De Libris (by De Niro).

Juventus's sire Dublin produced 2 Approved sons, including Juventus. Dublin was winner of his 100 day test in Holland in 1988 and is by Ulft x Lucky Boy. Ulft is sire of Olympic Ferro.

As for his own performance, Juventus started his career by being named Champion foal at Brabant in 1991 and then went on to be Reserve Champion at his stallion test. He received 9's on his walk, trot, canter and trainability and a 10 on character. Iron Spring Farm imported him to the USA and from there he performed well up to Intermediare I, and holds the distinction of sweeping all his classes at Dressage at Devon, including Grand Champion, not once but twice within five years.

Offsprings' Sport Results He has produced over 200 offspring for Germany and Iron Spring that are still competing today up to Grand Prix and his GP son *Partous* was even imported to the USA for a young rider in 2012.

Juventus has produced a handful of successful foals for Cornell's teaching/breeding program out of a variety of mares, with the shining star being *FJ Ramzes* (out of a Rampal daughter), a 2011 gelding, who has been named to the U.S. Equestrian's Dressage Development program with trainer Lehua Custer. Juventus foals are known for their beauty, movement and trainability.

Performance Notes Kjento is a stallion that quickly catches your attention with his pedigree, attractive type, powerful gaits, and exceptional rideability. Champion of his KWPN Stallion Test, Kjento earned five scores of 9 and a 9.5 for his canter for an impressive total of 90 points. In 2019, he was Reserve Champion at the PAVO Cup Finals and he is selected for the 2020 FEI World Championships for Young Horses.

Pedigree Information Kjento is by the preferent stallion *Negro*, a proven sire of FEI horses. Kjento's dam competed through Z-level Dressage, was 3rd at the National Mare Show as a 3-year old, and earned an impressive score of 90 at her IBOP. Her sire, *Jazz*, was himself an International Grand Prix competitor and has one of the strongest records in the world for siring FEI offspring. Kjento has been very popular with our breeders and his first foals brought high auction prices in Europe in 2020.

Breeding Advice: Koning DG can improve the dressage type. Koning DG can improve rideability and suppleness, uphill tendency and leg technique in walk, trot and canter. Produces foals with super type and good size, complete horses with great temperaments and characters.

Test Report Koning DG is a modern, well developed longlegged stallion, with a good dressage type. Koning has a well shaped neck and well developed withers. His back is somewhat weak, his croupe is well shaped and long. The stance of his legs are correct, with somewhat narrow feet.

Koning DG shows very good rideability, with good balance and posture. His walk is pure, active and

athletic with good length of stride. Koning shows good posture in his lightfooted trot with expressive use of his frontleg and sufficient power. His canter is very well balanced, has good length of stride and uphill tendency with very expressive use of his frontleg.

Koning DG was sired by Bordeaux, who competes at GP level dressage and proves himself with his talented offspring. His dam is a keur mare and received good scores at her studbook entry. His granddam competed at Intermediare 1 level, his greatgrand dam competed at third level.

Breeding Advice

Performance Notes Lantanas received an excellent report at his KWPN Stallion Test and earned 8s or higher for all three gaits. He was praised for his willingness to work, his talent for dressage, and his uphill balance and was described as an honest and easy-going stallion in the barn. We are very excited to watch his development in sport under the talented team at Van Olst Horses. His first foals show his modern, elegant type.

Pedigree Information A fresh pedigree, impressive exterior, and three exceptional gaits mark Lantanas as an attractive addition for dressage breeders. His sire, *Sir Donnerhall*, has over 90 approved sons, 193 States Premium

daughters, Young Horse Champions, and many Grand Prix CDI horses to his record. The dam of Lantanas is herself a Prestatie mare who produced 2 licensed stallions, the Grand Prix mare *Vitana V*, and is the granddam for the Grand Prix stallion *Cennin*.

Sport Results in Europe 2019: Completed KWPN Performance Test with scores of 8 or higher for all three gaits, elasticity, and talent as a dressage horse. 2021: Competed in the PAVO Cup Final earning a score of 81.4 points.

Nacho is sired by the preferent stallion *Negro*, a successful FEI competitor himself and a proven producer of Grand Prix horses including Olympic Champion *Valegro*, international Team horses *Fendi T* and *Nintendo*, and 2x World Young Horse Champion *Kjento*. Nacho's dam *Benetton* is a ster mare by the Grand Prix stallion *Krack C. Krack C* had exceptional success at Grand Prix under Anky Van Grunsven, including a top ten finish at the World Equestrian Games, and went on to sire numerous licensed stallions and FEI competitors. With Nacho's proven pedigree, beautiful exterior, exceptional canter, and size we feel he's an excellent addition for North American breeders!

Sport Results in Europe 2021: Completed the KWPN Stallion Performance Test with highlight scores of 9 for canter and 8's for rideability and attitude and posture and balance. 2022: Score of 83 points in the PAVO Cup Pre-Selection.

Breeding Advice

Pedigree Information It's rare we see a pedigree as star studded as Nalegro's. Nalegro is sired by Olympic Games, World Equestrian Games, and World Cup competitor *Painted Black*. *Painted Black* was a standout at the FEI levels with a lengthy career at Grand Prix, including 27 career wins in FEI competition under two different riders. *Painted Black* has also proven a star in breeding as well with 15 approved sons to his credit and a number of Grand Prix offspring. *Painted Black* is by the influential stallion *Gribaldi* who has produced numerous FEI horses, as well as notable sires *Totilas* and *Hofrat*. Nalegro's dam is a full sibling to *Valegro*, the Olympic Games, World

Equestrian Games, and World Cup Champion. From this same mareline, we also see the licensed stallion *U-Genius*. Nalegro's damsire is the preferent stallion *Negro*, an impressive FEI competitor himself and a proven sire of FEI Grand Prix horses.

Pedigree Information Newly approved KWPN stallion O'Frederic offers a needed pedigree outcross for many Dutch mares. O'Frederic is sired by *For Romance I*, a Grand Prix competitor and well decorated competition horse as a

Bundeschampionat qualifier, Burg-Pokal Finalist, and VTV Dressage Stallion of the Year. His production record has been exceptional with over 60 approved stallions to his credit and numerous premium mares. O'Frederic's dame *Riana* is half sibling to the successful Grand Prix horse *Duke of Swing* and by the impressive stallion *Fidertanz*. *Fidertanz* has been recognized for both his sport record up to Grand Prix and his production record with over 400 offspring successful in sport. Under Team Van Olst, we're excited to watch this young stallion develop in both breeding and sport!

EVA Test EVA Negative. Tested 2019 and vaccinated annually.

WFFS Tested 2018 N/N (non-carrier)

Breeding Advice Utopie can improve the canter for jumper mares that lack development but do have a good topline.

Pedigree Information Utopie has jumping talent on both sides. Sire Jacomar had great successes and belongs to the top earners in sport. Dam *Pherna* scored one 9 and two 8.5 in the jumping IBOP and has made her international debut. Grand-dam Cerna, and five brothers and sisters jumped at Z-level.

Performance Test Report Utopie is quick and has a good take-off. The foreleg folds sufficiently, he has much suppleness, seems careful and shows much scope. He has much talent for jumping and it seems easy for him.

Breeding Advice Wynton can improve self-carriage and leg technique. Mares must have an uncomplicated character and length in the forehead.

Sport Results in Europe Winner of the 2008 Pavo Cup Finals (the KWPN national young horse championships). Winner of the 2008, 2009 and 2010 KWPN Stallion Division at the Pavo Cup Finals. Finished 4th and 7th in FEI 5-Year-Old and 6-Year-Old divisions at the 2008 and 2009 World Young Horse Championships in Verden, Germany, where he represented the KWPN breed. Successful competitor at the international Grand Prix level and 2-time World Cup competitor. Wynton scored over 77% in the Grand Prix Freestyle at the World Cup in Neumünster with his rider Madeline Witt-Vrees, who trained him from a young horse. Wynton was named Champion of the KWPN Stallion licensing at the 70 day testing for three year olds in 2006. He earned nines for his trot and canter, an 8.5 for his walk and a 9 for overall capability as a dressage horse.

Sport Results in North America N/A

Offsprings' Sport Results in Europe Wynton's offspring record is so extensive that a summary cannot do it justice. From his first foal crop in 2008 alone, at least 14 of his offspring have reached the FEI levels. Wynton has already sired five KWPN approved sons, whom are excelling in competition as well as breeding. *Imposantos* Winner of the VSN Trophy, Two-time Champion of the KWPN Anemone Stallion competition, Winner of his stallion performance test with 89 points, Bronze medalist in the 2017 Pavo Cup final, Winner of the KWPN Stallion Division at the Pavo Cup Finals, in 2018 and 2019, scoring a 94 points and with several scores of 9.5, 2019 Pavo Cup Champion, 6 year old division. *Four Legend KS* Bronze medalist at the 2015 Pavo Cup Finals, 6th place at the 2015 World Young Horse Championships in Verden, Germany, 4th place at the 2016 World Young Horse Championships in Ermelo, The Netherlands, with a big score of 87.0 points, Currently competing successfully at Int I with rider Dominique Filion and will move up to GP. *Dark President D&R*

KWPN Foalbook Stallions Activated for 2022

Foalbook Stallions Approved with an Erkend Studbook

The stallions that are individually listed on these pages are registered in the KWPN Foalbook but have been approved by a studbook that has been Erkend by the KWPN. In general, foals by these stallions will receive Register A papers and can be accepted into the studbook at age three or older without meeting any further additional requirements.

To qualify for keur or elite status, mares by these stallions must complete any additional requirements not met by their sire.

Note: If you have questions about the registration possibilities and requirements for offspring by these stallions, please visit www.kwpn-na.org or call the KWPN-NA office.

Sports Results in Europe Tolegro was bred in Holland and purchased as a foal by German Grand Prix rider Bernadette Brune. At the 2013 Oldenburg Stallion Licensing in Vechta, he impressed the Germans with his outstanding gait dynamics and natural inclination to carry weight on the hindlegs. In 2016 he finished his stallion performance test with a 9.5 for willingness to work and an overall score of 8.06. Tolegro has competed through Prix St. Georges with scores to 69%, and easily schools the movements at Grand Prix. He has been trained and shown up through the levels by his owner Bernadette Brune. His effortless, expressive movement in highly collected exercises, such as piaffe and pirouette, is reminiscent of his sire Totilas.

Verrichtingsonderzoek – Performance Test

Starting with 750–800 stallions in the first round, a final group of approximately 50–60 stallions is selected from the third ring for the performance test, which is held twice a year—in the spring and the fall. The spring test lasts 70 days and the fall test lasts 50 days. Stallions attending the fall test are expected to have been well started under saddle at home prior arrival at the test. Of the stallions attending the test, about 15–25 stallions pass and become ‘Goedgekeurd’ or Approved.

Marli Hommel ~ Equine Artist

Marli Hommel is a Dutch Equine artist. She was educated at the prestigious Art Academy of Maastricht and her work is in art collections all over the world: Europe, the USA, South Africa, South America, Australia, New Zealand and Japan. Marli won several international prizes with her work.

Marli paints the horse in all its different manifestations: as a flight animal in the herd, athletic in its willingness to cooperate with humans and in the beauty of a still moment. Not only the physical, but the whole being is expressed. This is why she is sometimes called 'the ambassador of the horse's soul'.

While painting, Marli becomes one with the horse which emerges before her eyes. As the image suggests, this does not happen from a chair in front of the easel. Whoever wants to paint movement must be in movement. That is her aim, the horses must walk out of the canvas, as it were, their action radius having left an indelible impression on the viewer.

Why this fascination with horses? Marli always takes side with the animal because it is so dependent and vulnerable. "My mission is to create a visualization of all that is taking place in the emotional world of animals. That is my motivation. A horse possesses everything: a very diverse set of emotions, a gorgeous body, strong muscles, speed, it gives wings to us humans. I see it as my task, with the talent that has been given to me, to show people the beauty of horses."

Marli's horses La Lie Lu (Landadel) and Joao Giuliano (Lusitano) are her great inspiration, making them the actual artists behind Marli Hommel Art.

Besides fine art, Marli Hommel also makes commissioned paintings and portraits of horses, portraying your beloved horse in all its facets. She knows how to capture both the physical and the whole being with her characteristic brushstroke. Commissioned paintings are created in full coordination with the client and tailored to the interior. Many famous and beloved horses have been eternalized by Marli already. Marli can create a treasured keepsake of a deceased horse as well. She works with your stories about the horse and the pictures that portray them best.

Commissioned painting in the client's living room

Additionally, Marli offers an Exclusive Line for the Top segment of Horse Art Lovers: *Marli Hommel Exclusive*. For this line she creates in very large sizes, and it is possible to have gold or silver leaf added.

As of 2023, Liz van Woerden has taken on the task of representing Marli Hommel's art in North America. For all your questions, purchases and commissions, please contact Liz.
