# Dressage at Devon 2025

Educational Lecture & Live Demonstration  
with Inspector Floor Dröge

## September 24, 2025

KWPN Senior Inspector Floor Dröge presented an informative session on Linear Scoring at Dressage at Devon in Pennsylvania. The presentation explained how linear scoring functions as an objective system for evaluating horses' conformation and movement, offering a shared framework for both judges and breeders. The lecture was followed by a live demonstration, allowing attendees to see the principles of linear scoring applied to a horse in real time.

## About Floor Dröge

Floor Dröge has served as a senior inspector for the KWPN since 2017. Trained at NHB Deurne, she began her career in equestrian education, holding leadership and coordination roles before transitioning fully into inspection and breeding work. With experience as a training and test rider in KWPN performance programs, she developed a strong interest in breeding and now runs a small program of her own. In addition to advising breeders and evaluating horses, she is an accredited judge through Small Tour, contributes to stallion selection, and regularly officiates at major KWPN events in both Europe and North America.

# The KWPN-NA

For over forty years, the KWPN-NA has brought the passion and focus of the Dutch breeder home to North America.

The KWPN (Studbook of the Royal Dutch Sport Horse) is a Netherlands-based organization specializing in the breeding of jumper, dressage, hunter, harness and Gelders horses. Performance, durability, and attractive conformation are the most important factors on which the international success of the KWPN horse is based.

In 1983, the Dutch Warmblood Studbook in North America was established as the North American Department of the Royal Warmblood Studbook of the Netherlands (KWPN) in order to promote breeding and enjoyment of the KWPN horse in North America. As of January 1, 2006, the organization became known as the KWPN of North America, Inc.

## Role of the KWPN-NA

For over forty years, the non-profit KWPN NA association has brought the passion and focus of the Dutch breeder home to North America, where breeders are now producing top international horses competing around the world in a variety of disciplines. With more than 1,300 members and an average of more than 500 registered foals annually over the last five years, the KWPN-NA has grown to become one of North America's largest Warmblood organizations.

Through a multitude of programs, the KWPN-NA staff and all-volunteer board work tirelessly to encourage the participation of registered KWPN horses in equestrian sport, and structure appropriate awards programs that will acknowledge and promote excellence on the part of KWPN horses, breeders, owners, riders and trainers in North America. The KWPN-NA also maintains an extensive database that records detailed breed registration information, inspection and performance results, ownership transfers and sales for all registered KWPN horses in North America; disseminates educational and informational data to breeders, owners and other interested individuals pertaining to the breeding, raising and approval of KWPN horses; schedules and

conducts inspections of stallions, foals, mares and geldings throughout North America; and promotes public awareness of the Royal Dutch Sport Horse.

## KWPN-NA

### Mission Statement

To establish, maintain and operate a nonprofit association of breeders, owners and other interested individuals for the promotion and preservation of the registered (KWPN) Dutch Warmblood horse in North America.

To encourage the participation of registered KWPN horses in the various equestrian disciplines and structure appropriate awards programs that will acknowledge and promote excellence on the part of KWPN horses, breeders, owners, riders and trainers.

To maintain a database that records: detailed breed registration information, inspection and performance results, including ownership transfers and sales for all registered KWPN horses in North America.

To disseminate educational and informational data to breeders, owners and other interested individuals pertaining to the breeding, raising and approval of KWPN horses, including scheduling and conducting various inspections throughout North America of stallions, foals, mares and geldings.

To promote the public awareness of the KWPN horse through targeted advertising.

To cooperate with other associations, breed registries and/or government agencies on matters and issues pertaining to the horse industry in North America, including health and safety standards and other guidelines and regulations that may impact the activities of breeders, owners, riders and trainers of horses.

## New for 2026

### A letter from Kelley Stachon, Director of Operations

Dear KWPN-NA members,

In the 10 years the office has been in Lexington, KY, the organization has prospered and grown. When we moved our operations to Kentucky in 2016, we had 884 members and registered just over 360 foals and 575 horses total. Looking back on 2025, we had 1050 members and registered 518 foals and 737 horses total. We are thrilled with our continuous growth and the support of our loyal members. Our online presence is better than ever, and we are continuing to expand our awards programs into as many disciplines and across as many states as possible. In 2025, we hosted 18 riding horse keuring sites and 2 harness horse inspections where the judges are continuously very happy with the quality of horses presented. We are thankful to continue to work with experienced hosts who contribute their facilities and knowledge, and we continue to welcome new hosts each year.

Our registrar, Drew Kemerling, just completed her 10th year with the KWPN-NA and I am just behind her with 9 years. We are excited for the future and hope to be here for another 10 years.

We look forward to another successful year and hope we can continue to encourage North America to Go Dutch!

Kelley Stachon  
Director of Operations

**General Requirements for Year-End Breed Awards**

In order to be eligible for awards:

Horses must be KWPN registered and have papers on file at the KWPN-NA office.

The owner of the horse must be the 'owner of record' and be listed as such on the registration papers, or be verified as 'transfer in progress,' or have a current lease agreement on file with the KWPN-NA office.

The owner or lessee must be a current KWPN-NA member. Membership must be paid prior to October 1 of the competition year in order to qualify for awards.

To qualify for USDF All-Breeds awards, the horse must be declared as 'Dutch' or KWPN with USDF. USDF must have a copy of the horse's registration papers on file. If signed up with USEF, USEA or any other sport organization, these organizations should also have a copy of the horse's registration paper.

Please give the Show Name and Registered Name to the sport organizations and to the KWPN-NA.

When possible refer to horse by registered name when corresponding with the KWPN-NA. Include show name in parenthesis.

Whereas the KWPN-NA office will make every attempt to make sure horses are awarded for their performance, it is up to the owner/lessee to make sure points and eligibility are correct.

If you have questions concerning eligibility, please don't take a chance— call the KWPN-NA office at 859-225-5331.

# 2024 Special Awards

## TONY DE GROOT MEMBER OF THE YEAR SPONSORED BY FRIENDS OF THE KWPN-NA

### Lisa Dickman

We are thrilled to announce Lisa Dickman of Kaneques Farm as the 2024 KWPN-NA Member of the Year. A Bronze level breeder, dedicated Member Committee volunteer, and the manager of the KWPN-NA Podcast, Around and About KWPN-NA since December 2023, Lisa's commitment and passion for the organization have not gone unnoticed. Our membership proudly recognized her outstanding contributions by nominating her for this well-deserved honor.

Lisa's journey with horses began at just eight years old, growing up riding through the open fields of Colorado. After college, she returned to riding in the hunter/jumper discipline, but it was while her husband was stationed in Hawaii that she discovered her true passion—dressage. In 1997, Lisa imported her first KWPN horse, quickly becoming a devoted admirer of the breed.

While raising her family, Lisa continued riding dressage behind the scenes before transitioning into working with and selling young horses. A pivotal moment came in 2007 when she met Siegi Belz-Fry of Stall Europa, who introduced her to the world of breeding and reconnected her with KWPN-NA. Since then, Lisa has been an avid breeder, constantly striving to expand her knowledge and produce the best possible equine athletes—especially for dressage.

From her first foal in 2009 to today, Lisa breeds one to four foals annually, many of which have gone on to homes with professionals and ambitious amateurs alike. In addition, she has developed a successful young horse boarding program, raising horses from birth through three years old with a focus on developing healthy, happy athletes. At any given time, 10–15 young horses have been growing up on her farm.

Lisa has also cultivated a strong understanding of social media and its vital role in building a successful breeding and business program—skills she generously shares through her podcast work and involvement with KWPN-NA.

Thank you, Lisa, for everything you do for our members, our breeders, and our community. We look forward to many more fantastic podcast interviews and continued contributions in 2025 and beyond!

*This is a special achievement award to recognize a member that has contributed significantly to the organization over the past year. The award winner receives a special plaque and a \$500 gift card.*

*Criteria include: Any KWPN-NA member that has made a significant contribution to the organization. Member does not have to be a breeder, owner or rider. Member should be a volunteer of time and effort involving any of the below in relation to the KWPN-NA:*

- Keuring process;
- Newsletter and/or website;
- Annual Meeting;
- Fundraisers;
- Educational activities;
- Promotion of the KWPN horse in sport and breeding;
- Promotion of the KWPN-NA in the horse community.

## DRESSAGE BREEDER OF THE YEAR

**HARNES BREEDER OF THE YEAR**

**Raymond Stoltzfus**

*Treasure Hill Stables*

Raymond Stoltzfus, a farrier by trade, operates Treasure Hill Stables in Pennsylvania and has bred numerous successful Harness horses over the years. Among them is Kiralonda Keur (by Globetrotter), a powerful and willing chestnut mare who swept the prizes at Live Oak International in March 2024.

The Stoltzfus family is also the owner of the approved Harness stallion Vaandrager HBC, further contributing to the strength of their breeding program.

In 2024, several horses bred by Treasure Hill Stables earned top ribbons throughout the Keuring Tour. While this award is presented to Raymond Stoltzfus, we also recognize and celebrate the outstanding horses bred by the wider Stoltzfus family.

*This award recognizes the best KWPN horses performing at FEI levels, in nationally recognized Young Horse Programs or in a Hunter division as follows:*

*1. Performing at the FEI level or Young Horse Program (includes all disciplines: Dressage, Jumper, Eventing, and Driving). Criteria include:*

- Owner must be a KWPN-NA member;
- Owner must be owner of record with the KWPN-NA office;
- Horse must have a confirmed record of success in sport;
- Horse exhibits the breeding goals of movement and or/jumping ability, conformation and type.

*2. Performing in the Hunter Division and is recognized as a High Point Hunter. Criteria include:*

- Owner must be a KWPN-NA member;
- Owner must be the owner of record with the KWPN-NA office;
- Horse must have a confirmed record of success in the hunter division based on points earned;
- Horse exhibits the breeding goals of movement and jumping ability, conformation and type.

*Special consideration is given to horses bred in North America.*

*Breeder of the Year Award is a special achievement award to recognize any KWPN-NA breeder member that has made a significant contribution to the organization. Criteria: Member*

- *Is an ambassador to the KWPN-NA to the greater horse community;*
- *Has attained success meeting the breeding goals of the KWPN through the keuring process and/or through sport;*
- *Keuring and sport results are cumulative rather than based on a single year.*
- *Member shall have bred the horses, but some consideration will be given to horses imported by a member.*

# Breeder Achievement Awards

## How It Works

Only the breeder of record of a horse presented can earn points for that horse. In the Young Horse category, a horse may show at a keuring as a foal, yearling and/or two-year-old, but will earn points only one time within this category.

The breeder of the horse will receive points for each accomplishment that their horse has achieved. For example:

- If a horse receives a first premium status as a young horse, the breeder will earn one (1) point. If it is the Top Fives, It will earn one (1) additional point. Maximum number of possible points as a young horse is two (2).
- Three years later, that same horse—now a mature horse— receives its “Ster” predicate, and thereby earns two (2) more points for its breeder.
- If the horse successfully passes the IBOP (riding performance test) horse, it will receive two (2) more points.
- If the horse is a mare and was also keur eligible at its studbook inspection, she would now earn the Keur predicate and yet an additional two (2) points for the breeder.

Therefore, this single horse has earned seven (7) points for its breeder if a mare and a five (5) points for its breeder if a gelding: 1 point for receiving a first premium as a foal, 2 points for the “Ster” designation, 2 points for a passing IBOP (and 2 more points for the “Keur” designation if a mare).

**THE POINT SYSTEM .....POINTS**

**Young Horse**

- First Premium ..... 1
- Ranked Top Five (or former Top Ten) ..... 1

**Mature Horse**

- Ster Predicate – to include geldings ..... 2
- IBOP Predicate – to include geldings ..... 2
- Keur Predicate ..... 2
- Elite Predicate ..... 2
- Sport Predicate (or gelding equivalent) ..... 3
- Crown Predicate ..... 3
- Preferent Predicate ..... 3
- Prestatie Predicate ..... 3
- Approved/Erkend Stallion ..... 10

## Keeping Track of Points

Breeders must apply for the award status in this program. Once a breeder has reached the qualifying points for the first level (Silver), the breeder must send all applicable documentation to the KWPN-NA office. The office will then verify the documentation. When the breeder has earned enough points to upgrade to a higher level (Gold or Platinum), the breeder must again send the documentation to the KWPN-NA office. In other words, it is up to breeders to nominate themselves when they think they have earned enough points for the award or nominate themselves to a higher level of the award program. Breeders will receive their awards the following year (the year after they achieve the results).

**An award to recognize member breeders who have accomplished significant results throughout the years with their breeding program. Breeders qualify for the award based on a point system.**

**There are three levels of achievement within the program:**

Platinum: 100 Points | Gold: 60 Points  
Silver: 30 Points | Bronze: 15 Points

# Classification of Stallions

Stallion evaluations for licensing or approval in North America takes place under the guidance of, and is subject to, the directives of the KWPN Stallion Committees. The KWPN Stallion Committees may be assisted by advisors or delegate parts of the evaluation.

## Approved/Licensed/Erkend

### Approved Stallions

Approved stallions are designated as Stb.

- Have been successfully presented for approval.
- Have successfully completed all veterinary requirements (physical, endoscopy, semen and D-OC plus NS/DJD radiographs).
- Have successfully completed a KWPN Stallion Performance Test
- Have shown an offspring collection.
- Generally have Foalbook offspring.

### Erkend Stallions

Individually Erkend stallions must

- Be listed in the WBFSH Sire Rankings and
- Have proven themselves in international sport either through their own performance, through that of offspring, or through a combination of the two.
- Have not necessarily completed the veterinary requirements.
- Generally have Foalbook offspring.

### Licensed Stallions

Licensed stallions are still designated as VB.

- Have been successfully presented for approval at a KWPN-NA keuring.
- Have successfully completed all veterinary requirements (see above).
- Have not yet passed a 21-Day or 5-Day Performance Test.
- Have not yet shown a foal collection.
- Generally have Register A offspring.

### Performance Test

Licensed stallions must successfully complete the KWPN 21-Day or 5-Day Performance Test to become approved. The KWPN does not accept results from any other performance test in North America. After approval, it is desirable but not required for a stallion to have a sport career at higher levels of sport.

The Character and Behavior evaluation of stallions is an important part of the performance test.

### Harness Stallions

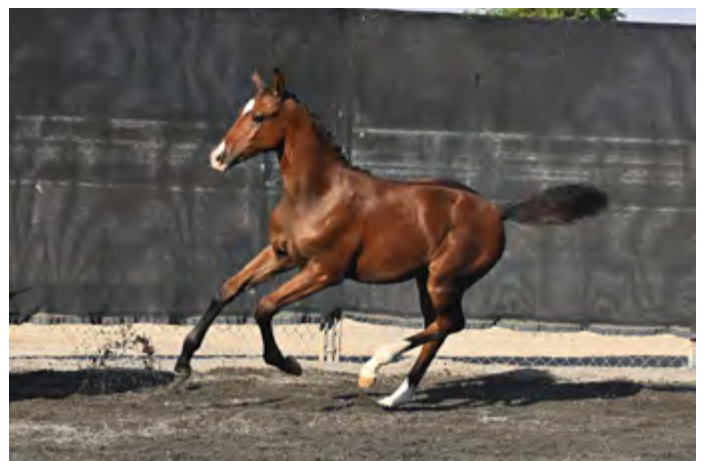

Licensed harness stallions are required to be shown in harness at a KWPN-NA keuring *the year after being licensed* in order to maintain their license. Stallions that have competed at the highest (honors) level of harness sport in Holland may be excused from this requirement.

### Offspring Inspections

To maintain Approved status, a stallion's offspring must be inspected at various intervals. The stallion's influence will be evaluated relative to the influences of the mare based on the offspring presented at a keuring. As the offspring age they will be evaluated in sport to determine whether the stallion passes on sufficient athletic ability to his offspring.

**Vincero** Photo: Bella Hobbins

**Valea DG** Photo: Tamara with the Camera

If at any time a stallion's offspring are deemed insufficient the stallion may be placed on the Watch List until the next offspring evaluation. If at that time the offspring are sufficient the stallion's status will return to Approved; if not the stallion will lose his approval.

Offspring are inspected at the following intervals:

- A minimum of ten\* offspring at the dam's side for foal inspection ***within two years after approval***. Foals may be presented at different locations during the inspection tour, although seeing see a larger group at a single keuring location is preferred.
- A minimum of ten\* three-to-five year old offspring at studbook inspections ***by the time the oldest offspring are five years old***.
- Sport results of minimum ten\* offspring aged five to eleven ***by the time the oldest offspring are eleven years old***.

If a stallion does not meet the above requirements, the owner can apply for a one-year extension. An extension will be granted only if the KWPN stallion committee sees potential in the stallion and the owner has an acceptable reason (e.g., veterinary) as to why the stallion did not meet his requirements.

After successfully completing all the previously stated requirements, a stallion will have met all the approval criteria and may be permanently approved.

***\*Due to the limited number of Harness Horse breedings in North America, the number of offspring from Harness stallions required for evaluation at the designated intervals is five rather than ten.***

## Stallion Predicates

### Keur

An approved stallion becomes eligible for keur after his first foal crop turns seven. The stallion must positively differentiate himself from other stallions based on the sport and conformation qualities of his offspring. Stallions should have a sport index that is higher than 140 with minimum 85% reliability and must pass on good conformation as evidenced from keuring results.

### Preferent

Preferent is the highest honor bestowed on an approved stallion. The stallion must previously have been awarded the keur predicate. The stallion must positively differentiate himself from other stallions based sport and conformation qualities of his offspring that are a minimum of 11 years of age. The stallion must have a sport index higher than 140 with minimum reliability of 85% and must also pass on good conformation. For preferent it is also important that the stallion shows a positive influence on the male line. The predicate can also be awarded posthumously.

***KWPN stallions standing in North America must be activated for the breeding year in order for their foals to be eligible for registration.***

## Foalbook/Watchlist

### Foalbook Stallions

There may be times when a breeder wishes to breed to a Foalbook stallion because he is from a specific bloodline or because he is a great performance horse. A Foalbook stallion was:

- Never presented for Approval ***or***
- Presented for Approval but not accepted, ***or***
- Once Approved, Licensed or on the Watch List but reverted to Foalbook, likely because of sport or offspring. If he was once Approved, his status would still be Stb on registration papers.

### Offspring Registration:

- Offspring from Foalbook stallions generally receive Register B papers.
- Offspring from Foalbook stallions approved with an Erkend studbook generally receive Register A papers.

Depending on the mare, offspring from Foalbook stallions may be retroactively upgraded to a higher book upon the stallion's approval.

### Watchlist Stallions

Stallions on the Watch List were once approved but had an insufficient offspring evaluation due to number of foals sired, keuring or sport results. He was thus was put on a list to 'watch' until the next evaluation period. At the following evaluation period, offspring will be again evaluated and, based on those results, the stallion will either be returned to Approved or revert back to Foalbook. The book designation on his registration paper will not change.

After exportation to North America, the status of KWPN stallions approved cannot change due to having insufficient offspring in Holland. They will retain the status they had upon exportation unless the quality of foals sired in North America is insufficient. Their status would change if they were ever exported back to Holland.

Offspring from Watch List stallions receive Register B papers. If the stallion's approval is reinstated, foals registered during the 'watch' period may be upgraded.

**DISCLAIMER** *The KWPN of North America makes no claim or guarantee as to the fertility or freedom from disease of any stallion listed in this handbook. The KWPN-NA does not guarantee the accuracy of the information provided by stallion owners for publication in this handbook. All breeding stallions listed in this handbook are required to be tested for Equine Viral Arteritis prior to their initial breeding season. The KWPN-NA has no control over the actual testing and has no knowledge of a subject stallion's potential exposure to EVA. The KWPN-NA can only certify that stallions have been tested or vaccinated. The KWPN-NA assumes no responsibility for any problems caused to any mare utilizing the services of a particular stallion. It is the responsibility of the breeder to verify the EVA test results to their own satisfaction prior to breeding.*

# Offspring Statistics

## KWPN-NA Offspring (1985 through 2025)

These pages show a report on North American born offspring of Approved and Licensed Stallions

Horses inspected at KWPN keuringen are classified according to the following:

- 1st Premium – Higher than average quality.
- 2nd Premium – Average KWPN quality. Some faults or lack of quality in type, conformation, and/or movement.

When studying these statistics, keep in mind that:

1. Older stallions will have more/older offspring than young or newly imported stallions
2. Many stallions have offspring in areas where not many inspections are held, which of course affects their offspring keuring results.

3. The mares bred/foals registered ratio is not a totally accurate representation of fertility as some foals are registered late, are registered elsewhere or are not registered at all. The numbers in this table are the numbers of foals registered, not born.
4. All stallions have 1st and 2nd Premium offspring. No stallion has exclusively 1st Premium offspring.
5. Stallions have other offspring achievements in breeding, show and sport that listed on their individual page.
6. Mares with ster, keur or elite predicates may actually have been counted two or more times. They would have been marked down as ster in one year and in a later year marked down as keur and/or elite.

## Breedings with Imported Frozen KWPN Semen

Frozen semen from Approved KWPN stallions is available in North America. The KWPN-NA does not in any way represent these stallions and all communication regarding these stallions must be directed to the owner or agent. Please contact the owner

or agent to get specific terms and conditions on the sale of semen.

The stallions have been quarantined and have had their semen tested in Holland, but neither the KWPN nor the KWPN-NA makes any claim or guarantee as to the fertility

or freedom from disease (including EVA) of any of these stallions. While every effort has been made to ensure accuracy of information, the KWPN-NA accepts no responsibility for inadvertent errors.

**Breeding Advice** Ferdeaux is a prepotent stallion whose good qualities are strongly inherited. In particular his canter, which was rated a 9 by the inspectors, comes through to his offspring. Ferdeaux can be expected to add blood, good temperament, movement technique and good use of the hind leg. He is ideally paired with long-lined mares. Ferdeaux is a handsome dark bay, and he is homozygous for black, which means he can produce no chestnut foals.

**International Sport Results** Ferdeaux campaigned with much success at the top sport level before retiring to full time stud duties. Dutch rider Kirsten Brouwer trained and competed him for the majority of his career. 2015: Reserve Champion of the 2015 PAVO Cup Finals; Ranked 10th in the FEI Final Test for 5-year olds, where he represented the KWPN at the 2015 World Breeding Championship for Young Horses in Verden. He earned an amazing 8.94 for his preliminary go and an 8.14 in the final. 2016: Champion, with an impressive 84 points, of the stallion competition finals in the M level class at 's Hertogenbosch. Eurodressage reported that he particularly impressed with his trot work and front leg usage. 2017: Ranked 11th in the FEI Final Test for 7-year-old horses with a score of 76.35 at the World Breeding Championship for Young Horses (WBCYH) in Ermelo; Qualified for the WBCYH with top scores in the KWPN selection trials, scoring 77.2 and 79.1 in his first two competitions, and winning the third trial by a wide margin, scoring 78.5. 2018: Hans Peter Minderhoud took over Ferdeaux's training. The pair handily won their debut at Prix St. Georges with a 74.1%. 2020: After taking a break for stud duties and to recover from an injury, Ferdeaux returned to competition with Renate van Uyttert. Ferdeaux delivered more success to his new rider with consistent high scores to 76.2% at Prix St. Georges.

**EVA Test** Negative

**WFSS** N/N (non-carrier)

**Breeding Advice** Giovanni showed a uniform collection of well-developed foals. The walk has good scope. The trot is light-footed and has good scope, power and balance. The foals canter easily with hind legs being brought under well. The canter has good scope, power and balance. In dressage horse breeding Giovanni can add movement and can improve on a mare's canter and temperament.

**Sport Results in Europe** Giovanni was purchased by Ingrid Malan Ockhuisen as a 4-year-old and placed in training by dressage rider Franka Loos. With Franka, Giovanni won the KWPN performance test in 2014 and subsequently performed very well in the PAVO Cup. He ended in 5th place with an 8 for the walk, 9 for the trot, 9.5 for the canter and 9's for both harmony between horse and rider and potential as a dressage horse. The Stallion Competition was also successfully completed with good scores: he won the first leg of the 2017-2018 KWPN Stallion Competition in Ermelo with 84 points. Judge Sanders praised Giovanni's engagement from behind in trot and his power in canter. Giovanni also won the third leg of the 2017-2018 KWPN Stallion Competition with 82 points. In the Summer of 2018, he made his debut as a 7-year-old in the Small Tour. He competed at the World Championship for Young Dressage Horses in 2018 where he achieved a splendid fifth place with a 78.521% score. In 2019, Giovanni and Franka Loos won the Prix St. Georges in Nispen with 69.04%. In 2021, he was ready for the Grand Prix but unfortunately sustained an injury that was rehabbed but he couldn't be competed at the top levels anymore.

**Breeding Advice** The world has Glammy fever! Glamourdale's own competition career on the biggest of

world stages has been combined with heavy breeding commitments and his offspring are also making their way in sport. He has had offspring selected for the World Breeding Championships for Young Horses, US National Young Horse Championships, Pavo Cup Finals, and they are now at the FEI levels. We consistently see him contributing power and scope to the movement with that amazing canter as a highlight coming through. It's no wonder why Glamourdale is in demand worldwide.

**Breeding Advice** Houdini, aka LT, is a lovely, compact stallion by Diamant de Semilly. Before importation into the United States as a young horse, he successfully completed the 70 day test at Ermelo and was fully approved with KWPN. In Europe he campaigned in the young jumper classes. His sire, Diamant de Semilly needs no introduction as he is currently holds the top spot on the WBFSH Show Jumping Sire Rankings. His dam sire - Emilion, Keur stallion with the KWPN,

was likewise successful in both the breeding shed and in performance, winning several international Grand Prix and World Cup Qualifiers.

Houdini was imported to the US to continue his career in the young jumpers as well as step up into the Junior jumper classes with a teenage rider. LT has a huge step, impeccable ride ability and a fantastic technique that make him a perfect mount for the professional and the junior/amateur alike. His temperament is easy-going and sweet, making him a barn favorite wherever he goes. Houdini's offspring have been competing in Europe, with the oldest offspring in the young jumpers. His daughter, Hadalina Z (ds Gaillard de la Pomme) produced 2023 BWP provisionally-approved stallion, Qatar Tivoli (b. 2020, s. Qatar ter Saleghem). He is currently competing in the AO jumpers and stands at Coruscant Stables in Ocala, Florida.

**Breeding Advice** Indian Rock's fashionable pedigree and an exceptionally beautiful exterior make him an exciting choice for breeders. Indian Rock's sire Apache was an international Grand Prix stallion who competed at the World Equestrian Games and World Cup Finals. He has 28 approved sons and over 60 FEI competitors to his credit, including the 2x World Young Horse Champion Jovian, Adrienne Lyle's 2024 Olympic mount Helix, and Tokyo Olympic Bronze Medalist Gio. Indian Rock's damsire, Vivaldi, has established himself as one of the most popular dressage breeding lines in the world through sons such as Vitalis, Desperado, and Dream Boy.

**Breeding Advice** The KWPN recommendations say that Jayson can add size, rideability and attitude to dressage horse breeding as well as suppleness, strength and carriage in movement.

**Performance Notes** Jayson convincingly won his initial Stallion Test and went on to complete the KWPN Short Test in the fall of 2018 earning 9s for rideability and attitude. Jayson placed well in the PAVO Cup Finals and was selected for the 2020 FEI World Championships for Young Horses. In 2024 he made his CDI small tour debut with Charlotte Fry. His first foals have impressed in both Holland and the US with their modern type and strong movement.

**Pedigree Information** The eye-catching black stallion Jayson has much to offer beyond his good looks. He also has an FEI pedigree filled with top performers that will catch any dressage breeder's attention. His sire is *Johnson* who had an impressive career including the World Equestrian Games, Olympics, and European Championships and he is ranked #2 on the WBFSh Dressage Sire rankings for 2021. Grandsire *Jazz* stands at the top of the KWPN rankings for dressage stallions and is ranked #3 on the WBFSh standings. Jayson's dam, *Zamora B*, has been exceptional producer with two licensed stallions, and Elite and Ster mares. *Zamora's* oldest offspring *Esperanto* was winner of the USDF Region 1 Intermediate I Open Championship and Reserve Champion at Prix St. Georges in 2021, after making his FEI debut at the CDI\* at Dressage at Devon. Jayson's damsire, the revered stallion *Negro*, has proven his reliability as a sire and damsire of many Grand Prix horses.

**Sport Results in Europe** 2018: Winner of 2017/2018 NRPS Stallion Performance Test, completed KWPN Short-Term Performance Test earning multiple scores of 8 or above and 9's for rideability and attitude, Winner of the PAVO Cup Pre-Selection in Houten and 6th place in PAVO Cup Finals. 2019: Reserve Champion 2018-2019 KWPN Stallion Competition Finals, 11th place in PAVO Cup Finals, Alternate for WBFSh Young Horse Championships. 2020: 4th place in the KWPN Stallion Competition Finals, Selected for WBFSh Young Horse Championships. 2024: CDI debut at Small Tour

**Pedigree Information** The popular *Easy Game* son *Millennium* has already produced several inspection champions in Germany and gets his first approved son in “the low countries” in Lowlands. The mother of Lowlands is *La Donna S*, a daughter of *Donnerball*, who won silver at the World Dressage Horses World Championships at the age of five years old. He performed at the highest level in the sport with Kristina Sprehe. He is a son of the very influential *Donnerhall*, a name in the pedigree of dressage horses which is liked to be seen. Thereafter we find the Landgraf I son *Landadel* in the dam line of Lowlands.

**Performance Notes** Lowlands is a well-developed, appealing stallion with a good rectangular model. The head is appealing. The neck has good length with a correct head-neck connection. The neck is of good shape, more than sufficient in length, more than sufficient in muscling and comes slightly deep out of the chest. The shoulder has good length and a good position. The withers are more than sufficiently developed and have more than sufficient length. The back has good length and muscling. The loins are more than sufficiently muscled and well connected. The croup is slightly sloping, more than sufficient in length and has good muscling. The hamstring has more than sufficient length. The foreleg is correctly positioned. The hindleg is correctly positioned. The fore and hind pasterns are of good length and slightly weak. The foundation is more than sufficiently developed and of good quality. The hooves are well developed, good in shape and of good quality. The heels are correctly developed. Lowlands is an honest, reliable, rider-focused stallion with a very good attitude. The stallion has much to very much willingness to work and is very good to work with. The walk is active, regular and very good in space and flexibility. The trot has good to very good space with a hindleg which is very easy to work with. The canter has a powerful impulsion, has good to very good space and a lot of bearing capacity. Lowlands moves with a good leg technique, a good posture and good balance. Lowlands has much to very much talent for dressage and gives his rider a very good feeling.

**Pedigree Information** It's rare we see a pedigree as star studded as Nalegro's. Nalegro is sired by Olympic Games, World Equestrian Games, and World Cup competitor *Painted Black*. *Painted Black* was a standout at the FEI levels with a lengthy career at Grand Prix, including 27 career wins in FEI competition under two different riders. *Painted Black* has also proven a star in breeding as well with 15 approved sons to his credit and a number of Grand Prix offspring. *Painted Black* is by the influential stallion *Gribaldi* who has produced numerous FEI horses, as well as notable sires *Totilas* and *Hofrat*. Nalegro's dam is a full sibling to *Valegro*, the Olympic Games, World Equestrian Games, and World Cup Champion. From this same mareline, we also see the licensed stallion *U-Genius*. Nalegro's damsire is the preferred stallion *Negro*, an impressive FEI competitor himself and a proven sire of FEI Grand Prix horses.

**Breeding Advice** The KWPN recommends O'Frederic to contribute to the blood distribution, improve the walk and the rideability. His first foalcrop was well received in Holland and the US with a particularly impressive front end noted. Under Team Van Olst, we're excited to watch this young stallion develop in both breeding and sport!

**Pedigree Information** O'Frederic offers a needed pedigree outcross for many Dutch mares. O'Frederic is sired by *For Romance I*, a Grand Prix competitor and well decorated competition horse as a Bundeschampionat qualifier, Burg-Pokal Finalist, and VTV Dressage Stallion of the Year. His production record has been exceptional with over 60 approved stallions to his credit and numerous premium mares. O'Frederic's dam *Riana* is half sibling to the successful Grand Prix horse *Duke of Swing* and by the impressive stallion *Fidertanz*. *Fidertanz* has been recognized for both his sport record up to Grand Prix and his production record with over 400 offspring successful in sport.

**Sport Results in Europe 2022:** Completed KWPN Stallion Performance Test with highlight scores of 9 for rideability & walk. **2023:** Approved Hanoverian, competed in the PAVO Cup Finals for 4-Year Olds. **2024:** 6th place at KWPN Stallion Competition L Final and awarded Perfect Pair Prize for most harmonious performance, competed in the PAVO Cup Semi-Finals. **2025:** Competed ZZ-Zwaar level with scores over 70%

**Stallion Information** Serupgaards Cezanne is a black 2019 Danish Warmblood Stallion, he is lifetime licensed for the Hanoverian, Oldenburg, Rineland, Westfalen and Danish stud books as well as licensed for KWPN-NA. Cezanne was bred in Demark by Heidi Bickham. Imported in 2021 and started in training with Willy Arts

at D G Bar Ranch. He began his dressage career in 2023 and has since compiled impressive results. In 2023 he qualified for the USEF Festival of Champions 4 year old young horse finishing 4th overall and winning his first class with a high point score of 88.8%. Again in 2024 he qualified 1st in the country for the USEF Festival of Champions 5 year old young horse and finished 3rd overall. At the 2023 & 2024 & 2025 California Dressage Society championships, he won his 4 yr., 5 yr. and 6yr. old dressage futurity championships. In an interview with Willy Arts he described Cezanne as a very talented horse, a complete horse with good gaits, good character and good temperament. In 2023 he was presented at the West Coast North American Sport Stallion Test (NASST) in Solvang Ca. and won that competition with a score of 8.76, including 9's for his trot and rideability. He was presented at NASST again in 2024 as a 5 yr old and scored a very impressive 86.0. Cezanne's competition results confirm his superb dressage aptitude as summed up nicely by the following quote from the NASST KWPN judge

Floor Droge. "Cezanne is a well-developed stallion with three good gaits, he shows a remarkable natural balance, beautiful silhouette and a top rideability. His trot is already adjustable and shows a lot of technique." His spectacular first baby arrived 2025 with many more on the way for 2026. In 2026 he will be competing in the Markel/USEF 7 year old National Young Horse Dressage Championships.

**Stallion Information** Sonnenberg's Jersey is a KWPN approved stallion who brings incredible character & train-ability, a model type with powerful, expressive and supple movement. He is currently being developed for the Grand Prix with Sabine Schut-Kery. According to Sabine: "this stallion has work ethic, heart and "try" in spades. He will truly be an exciting Big Tour horse in years to come. His piaffe and passage will be one of the highlights when he competes in the Big Tour." Jersey successfully passed his KWPN Stallion Test as a three-year-old and was fully approved for breeding. He was also the price highlight at the KWPN Stallion Show Select Sale!rt.

**Pedigree Information** In Jersey's pedigree, two legendary KWPN preferent sires are combined: *Vivaldi* and *Ferro*. His sire *Vivaldi* was Reserve Champion of his Performance Test and winner of the KWPN finals with a "10" trot score. *Vivaldi* showed internationally successfully with Hans Peter Minderhoud and produced over 35 licensed sons as well as many internationally successful dressage offspring. He also has numerous mare show winners, Grand Prix horses, World Cup placed offspring and several sons in the top 3 at their respective registry licensing. *Vivaldi* shattered all existing sales records by selling a 2yr old, licensed son, Vivino, at the 2019 Hanoverian Stallion Auction for 2.01 million Euros. Jersey's Dam *Kebalia* is a top predicated KWPN mare (Keur, Preferent and Prestatie) from the successful and prolific Dutch "Balía Stam" mare line 34. She produced 5 offspring performing dressage at the highest national levels in the Netherlands, at Grand Prix dressage internationally as well as 5 top level jumpers. *Kebalia* is by the legendary KWPN Preferent stallion *Olympic Ferro*, team silver, European and World cup finalist with Coby Van Baalen. *Ferro* always brings formidable power and mechanics in the hind of his offspring. *Kebalia's* lineage further back adds a dash of Thoroughbred blood, athleticism, versatility and

**Breeding Advice** Utopie can improve the canter for jumper mares that lack development but do have a good topline.

**Pedigree Information** Utopie is a light type with correct conformation, 56.4% consolidated Thoroughbred performance blood combining *Ramiro (Ramzes AA)* blood on top with TB blood from Dutch toppers *Lucky Boy xx*, *Uppercut xx*, *Tangelo xx*, French blood from *Calvados (Ibrahim AA)* and *Rigoletto (Ramzes AA)* on the bottom. A masterful accumulation of performance genes. Utopie has successful jumping talent on both sides of his family. Sire *Jacomar* celebrated great success with Marc Houtzager and is one of the top earning Dutch stallions in sport. *Jacomar* successes include ISJ level 1.60m with Marc Houtzager (NLD) 3rd CSI05\* 2003 – Nations Cup 2003 Dublin (IRL) (1.60m); 1st CSIO 2002 – Grand Prix 2002 Dublin (IRL). Dam *Pberna* scored one 9 and two 8.5 in the jumping IBOP and has made her international debut. Grand-dam *Cerna*, and five brothers and sisters jumped at Z-level.

**Performance Test Report** Utopie is quick and has a good take-off. The foreleg folds sufficiently, he has much suppleness, seems careful and shows much scope. He has much talent for jumping and it seems easy for him.

**Breeding Advice** Finale is an incredible stallion. He is extremely rideable and anyone can ride him. He has the best temperament and work ethic.

**Test Report** Finale is a well-developed, strongly built stallion with a more than sufficient rectangular model. The head is expressive. The neck has sufficient length with a somewhat heavy head-neck connection. The neck has good shape, more than sufficient length and heavy muscling. The shoulder has more than sufficient length and good position. The withers are sufficiently developed and have more than sufficient length. The back has sufficient length and sufficient muscling. The loins are sufficiently muscled and more than sufficiently connected. The croup has good length, position and very good muscling. The front leg is correct when viewed from the side and toed out when viewed from the front. The hind leg is correct. The pasterns front and rear are correctly positioned. The foundation is well developed and of solid quality. The feet are well developed, good shape and good quality. The heels are well developed.

**Pedigree Information** Finale's sire, *Contester II* has an impressive pedigree. *Contender*, *Contester II*'s Sire, dominated German breeding values for many years and produced a number of Olympic jumping stallions and mares. Both *Contender*'s Sire *Calypso II* and Grandsire *Ramiro Z* were also successful

showjumpers at the highest levels. *Contester* is out of the mare 'F-Lilianes' who is by *Lancetto*. *Lancetto* showed Grand Prix dressage and was a son of the famous *Landgraf I*. *Landgraf I* is one of the most important foundation stallions of the Holsteiner studbook. He is known for passing on incredible qualities for top sport and great minds to his offspring. Finale's dam is by *Vosmaer Keur*, a Gelders approved FEI Grand Prix stallion that was exported to the USA and also ridden by Chelsey. *Vosmaer* has a very high percentage of offspring performing at top levels in relation to the number of offspring he has. *Vosmaer*'s approved son *IJsselmeer* was very successful at Grand Prix but also a talented jumper. From the direct line of Finale's dam come several other upper level dressage horses.

**Test Report** McKenzy JHL is an honest, reliable stallion with a good to very good attitude and a lot of desire to go. The stallion shows great willingness to work and is very trainable. The walk is active, good in scope and in relaxation it has good elasticity. The trot is active, has a good impression and good scope, whereby the hind leg is placed well under the body and broadly sufficient in carriage. The canter is active, powerful, uphill, greatly carried and spacious. In movement, McKenzy JHL shows a lot of posture and good balance. McKenzy JHL is honest in jumping, again showing a good attitude and abundant willingness to work and has a sufficient to more than sufficient technique, appearing to be careful. The stallion seems to have good talent for jumping. Also, in the terrain, McKenzy JHL is eager to go and has a good mentality, he is alert but well-behaved in new situations. McKenzy JHL gives his rider both in the indoor arena and on the outdoor site a reliable and good feeling. McKenzy JHL can add height and size and improve the mentality and movement technique within the Gelder population.

**Pedigree Information** The Gelder keur stallion Alexandro P gets a second KWPN-approved son in the four-year-old McKenzy JHL. His dam is the elite NMK-mare Happines, a daughter of the versatile Creool-son WV Saron. Granddam Obamara carries the keur and preferent predicate. This daughter of the Goudsmid-son Zep produced the Z1 dressage horse Zamara (s.Koss). Greatgranddam Bamara is a ster preferent daughter of Uriant (Orient x Commandant). She produced three offspring that are active in sports, all three in dressage and one of them also in driving. The damline continues with the keur mare Tamara, a daughter of Marconi (s.Indiaan), after which the pedigree is composed of daughters of Homerus (s.Cadet), Centurio (s.L'Invasion) and Graniet (s.Granadier).

**Breeder** J. Arends

**Birthdate** May 10, 2017

**Height** 17hh 170cm

**Color and Markings** Chestnut

**Breeding Direction** TP (Harness)

**Breeding Fee** \$1500

**Stallion Information** Macho is a very well-developed, harness-type, uphill-built stallion with a very good rectangular model and good appearance. The neck has good length and position, the withers are very well developed, the back has good length and muscling. The foreleg is long and the legs have a lot of quality. Macho became Champion of the KWPN Stallion Show as a three-year-old, just like his sire Indiana. Macho was also National Champion as a foal. His mother is ster mare Emone and is a daughter of the Keur stallion Unieko and then we find the ster preferent Simone (by Indurain) in the dam line. Macho has completed the performance test with great success. He achieved the highest points ever: 9.5's and 9's for all values. His report said: "Macho is a very typical stallion with a lot of natural talent. He is very willing to work and is very easy to ride. He has a very appealing front, he puts the neck on very well and he has a very good posture and a lot of use of the body. Macho has a lot of knee action and shoulder freedom. The hind leg is very well bent and brought under very powerfully. The trot has a lot of suspension. Macho has a great desire to work. He has a lot of talent as a harness horse and gives his rider a very good feeling. Macho has shown himself to be a 'happy athlete' throughout the entire test." Macho is successfully shown in sport, he has achieved great victories at the National competitions. In the stallion competition he achieved several winnings and finished in 2nd place in the final standings. Macho's foals are very harness typical, have refinement, appearance and can move very well. Several foals became Champion at the inspections, the filly Sandra became National Champion harness horse foals 2022. In 2025, three of Macho's sons were selected for the performance test for approval. *Samba*, was named Premium and Champion of the Stallion Show.

# KWPN Foalbook Stallions Activated for 2026

## Foalbook Stallions Approved with an Erkend Studbook

The stallions that are individually listed on these pages are registered in the KWPN Foalbook but have been approved by a studbook that has been Erkend by the KWPN. In general, foals by these stallions will receive Register A papers and can be accepted into the studbook at age three or older without meeting any further additional requirements.

To qualify for keur or elite status, mares by these stallions must complete any additional requirements not met by their sire.

*Note: If you have questions about the registration possibilities and requirements for offspring by these stallions, please visit [www.kwpn-na.org](http://www.kwpn-na.org) or call the KWPN-NA office.*

**WFFS** N/N

**Breeding Advice** Tolegro has a friendly, gentle disposition. He has a strong work ethic and is a go-getter in the show ring. He passes on his athleticism, optimal active hind leg usage, and elegant, leggy conformation. Breeders report that their foals inherit his uphill, ground covering paces and a happy, beautiful nature. Tolegro is homozygous for black, which means he can produce no chestnut foals.

**Sports Results in Europe** Tolegro was bred in Holland and purchased as a foal by German Grand Prix rider Bernadette Brune. At the 2013 Oldenburg Stallion Licensing in Vechta, he impressed the Germans with his outstanding gait dynamics and natural inclination to carry weight on the hindlegs. In 2016 he finished his stallion performance test with a 9.5 for willingness to work and an overall score of 8.06. Tolegro has competed through Prix St. Georges with scores to 69%, and easily schools the movements at Grand Prix. He has been trained and shown up through the levels by his owner Bernadette Brune. His effortless, expressive

movement in highly collected exercises, such as piaffe and pirouette, is reminiscent of his sire Totilas.

## Verrichtingsonderzoek – Performance Test

Starting with 750–800 stallions in the first round, a final group of approximately 50–60 stallions is selected from the third ring for the performance test, which is held twice a year—in the spring and the fall. The spring test lasts 70 days and the fall test lasts 50 days. Stallions attending the fall test are expected to have been well started under saddle at home prior arrival at the test. Of the stallions attending the test, about 15–25 stallions pass and become ‘Goedgekeurd’ or Approved.
