Activation Rules for Approved/Licensed Stallions

The annual activation requires stallion owners to commit themselves to uphold the regulations of the KWPN and KWPN-NA. A signed copy of this agreement must be on file with the KWPN-NA office and annual stallion dues must be paid in order for a stallion's offspring to be eligible for Registration. Breedings may be reported on a KWPN-NA Report of Mares Bred form or on an Excel spreadsheet and emailed to the office.

It is advisable to report all breedings to the KWPN-Office, but mark those mares for which the mare owner wishes to register the resulting foal with the KWPN-NA. By signing this agreement the stallion owner/agent agrees to comply with all the rules of the KWPN-NA and KWPN. If the stallion owner does not comply with the KWPN-NA and KWPN rules, the stallion may not be eligible for activation in a following year and foals resulting from the breedings during that season will not be eligible for registration.

Photos are kept on file. New stallion photos must be of high quality. Horizontal format is preferred. TIFF, EPS and JPEG files are accepted. Photos may be also be submitted as a glossy print. A copy-righted photo must be accompanied by a release for both print and web usage.
