Lone Star (KWPN) Life in the Texas Hill Country

It is good to be back in Texas, the jury even managed to catch some real Rodeo action on their visit.

We had a warm welcome with Bailey and her family at her lovely facility. It was nice to be under the covered ring, away from the Texas sun. This was a nice keuring with some lovely talks with the members.

Thank you Bailey!

Special thanks to Karis Olson for use of her Photos!

Stb/Ster 3 Year Old - Jumper Mares

SARAH PH

(Toronto ster x Chantily II TSH by Catch Cardo TSH)

BREEDER /OWNER : DOUWE PLANTINGA

A strongly built three year-old mare with a slightly short but well muscled neck, a strong topline, and good feet and foundation. Her canter is very active, although she showed some tension, which made her hold herself a little. Over the fences, she relaxed, allowing for more suppleness. She demonstrates plenty of push-off, jumps with good technique, and appears to have sufficient scope. She earns the Ster and Keur Eligible predicates today. High Score Global Equine Sires Cup for 3yr olds class. Congratulations!

SJAPPHIRES TOTOEAUX DREAM

(Kjento x Kandyvrouwe ster keur elig D-OC by Glock's Toto Jr.)

BREEDER: MARIE JOSEE PROULX

OWNER: TABITHA DENNIS

A mare with a build that shows power. Her front is well shaped and muscled. Her loins are a bit roached and the croup a bit flat. The front leg is back at the knee. The walk is active with enough ground cover. The trot has power and a hindleg that bends. Could show a bit more stretch and swing. She has a good balance. The canter is active and the hindleg pushes off with power. Could finish the jump a bit more over the back and be more uphill.

YOUNG HORSES - Foals/ Weanlings - Dressage

VIENNA

(Kaiman x J Frank by Connaisseur)

BREEDER/ OWNER: TRACY MICHEL

A filly who's development matches her age. Her neck is strongly muscled but could be a bit longer. She has a good shoulder and croup. She is narrow in the chest and a bit toed out. Her walk is active and ground covering. Her trot is lightfooted and elegant. She has a nice technique but could gain in power and uphill tendency. The canter covers enough ground and has balance but the hindleg could take a bit more weight for uphill tendency. High Score Young Dressage, Congrats!

VESUVIUS BRB

(Ibiza x Galanta ster IBOP (dr) sport (dr) PROK by Alexandro P pref)

BREEDER/ OWNER: BAILEY WEST

A well developed foal, his neck has good length and muscling. He is correct in the foundation, however his back could be a bit longer and stronger.

The walk is active but could have a bit more mechanics in the hindleg. The trot has swing, however his hindleg is a bit out, but he still makes a nice posture. The canter is uphill, but could jump a bit more and round over the back.

Foals / Weanlings - Gelders

VELVET ROSE BRB

(Legrande x La Vie Une Rose by Edmundo keur)

BREEDER/ OWNER: BAILEY WEST

This is a well developed foal, but at the moment bit high in the hind end. She is long lined, with a good shaped and well muscled front. Her hindleg is a bit long, and the front leg a bit toed in. The walk could be a bit more active, but the trot has balance and power, with a hindleg that comes under her body enough. The canter was a bit tense today, but still enough ground cover and easy changes.

Yearlings - Gelders

ULTIMATE BRB

(Junior STV x Ieva BRB by Fandango)

BREEDER/ OWNER: BAILEY WEST

An elegant yearling with good proportions, a well shaped neck with a light head neck connection. The loins are a bit roached. The foundation is correct, but could have a bit more bone. The walk has enough ground cover and is active and strong. The trot is uphill and light footed without speed. The canter has balance and jump, but could be a bit more through in the back. High Score young Gelders, and High Score Keuring, Congrats!

UMA BRB

(Alexandro P pref x Oona BRB by Secret)

BREEDER/ OWNER: BAILEY WEST

Uma is a big and well developed filly. She has a strong muscled and well shaped front. A good topline, however the croup is a bit straight. Her foreleg is slightly back at the knee. The walk is active with rythm and groundcover, and the trot has a hindleg that bends well. She shows a good upill tendency and a front leg with a lot of reach. She makes an easy transition to the canter, that shows balance and power.

This very generously developed mare canters light-footed with good activity, balance, and ease in her flying changes. Between the fences, she shows great rideability and adjusts her stride effortlessly. She jumps with excellent body use, demonstrating quick reflexes, scope, and an outstanding willingness to perform. A truly complete horse with plenty of quality. An excellent IBOP score of 84, Congrats to this new Keur mare!
